INTRODUCTION

This handbook was developed to provide inmates with information concerning the rules of this facility during their initial orientation to the institution. More detailed information on the policies and regulations may be obtained by referring to Bureau of Prison (BOP) Program Statements and Institution Supplements, available in the Law Library or by consulting a member of your Unit Team. In the event any information in this handbook conflicts with BOP Program Statements or Institution Supplements, the policies and regulation set out in the BOP Program Statements will prevail.

You are expected to conduct yourself as a gentleman, to be courteous to other inmates, to respect authority, to obey all institution regulations, and to follow instructions of all staff members, Detail Supervisors and U.S. Military Personnel.

ADMISSION & ORIENTATION

Within fourteen days of your assignment to a Unit, you will complete the Unit portion of the Admission and Orientation (A&O) Program. You will meet with the Unit Manager, Counselor, and Case Manager for a review of Unit procedures and expectations. The Unit Rules and Regulations are posted on the Unit bulletin boards and should be reviewed immediately upon your arrival in the Unit.

Within three weeks of your arrival, you will be placed on callout to attend the institution portion of the A&O Program. You will hear lectures by the Warden and representatives of all the departments. You will be provided with information concerning the operation of each department at this facility.

COUNT PROCEDURES

During count, there will be no talking or noise of any kind in your living area until the count is cleared. Disciplinary action may be taken against you for not being at your assigned area during count or for leaving before the institution count is verbally cleared by a Correctional Officer. Everyone must stay in their rooms/cubes until the count light is turned off. During the **4:00 p.m., 9:00 p.m., and 10:00 a.m.** weekend counts, inmates may move about inside the dorm after the count light is extinguished, but must wait until their specific dorm is released via the intercom before exiting the building. Counts are taken daily at the following times: **12:00 a.m., 2:00 a.m., 4:30 a.m., 4:00 p.m., 9:00 p.m., and 10:00 p.m.** In addition, count is taken at **10:00 a.m.** on weekends and holidays. You must stand beside/in front of your assigned bunk for the **4:00 p.m., 9:00 p.m., and 10:00 a.m.** count on weekends and holidays.

CHECK OFF

A&O inmates must check-off daily with the Compound Officer. All inmates will report to the Bus Barn for accountability. This is required at **8:15a.m., 12:15p.m., 2:00p.m., and 6:00p.m.** Inmates who are on idle, convalescence, vacation, and call-outs must check-off with the Compound Officer at the times listed above along with the A&O inmates.

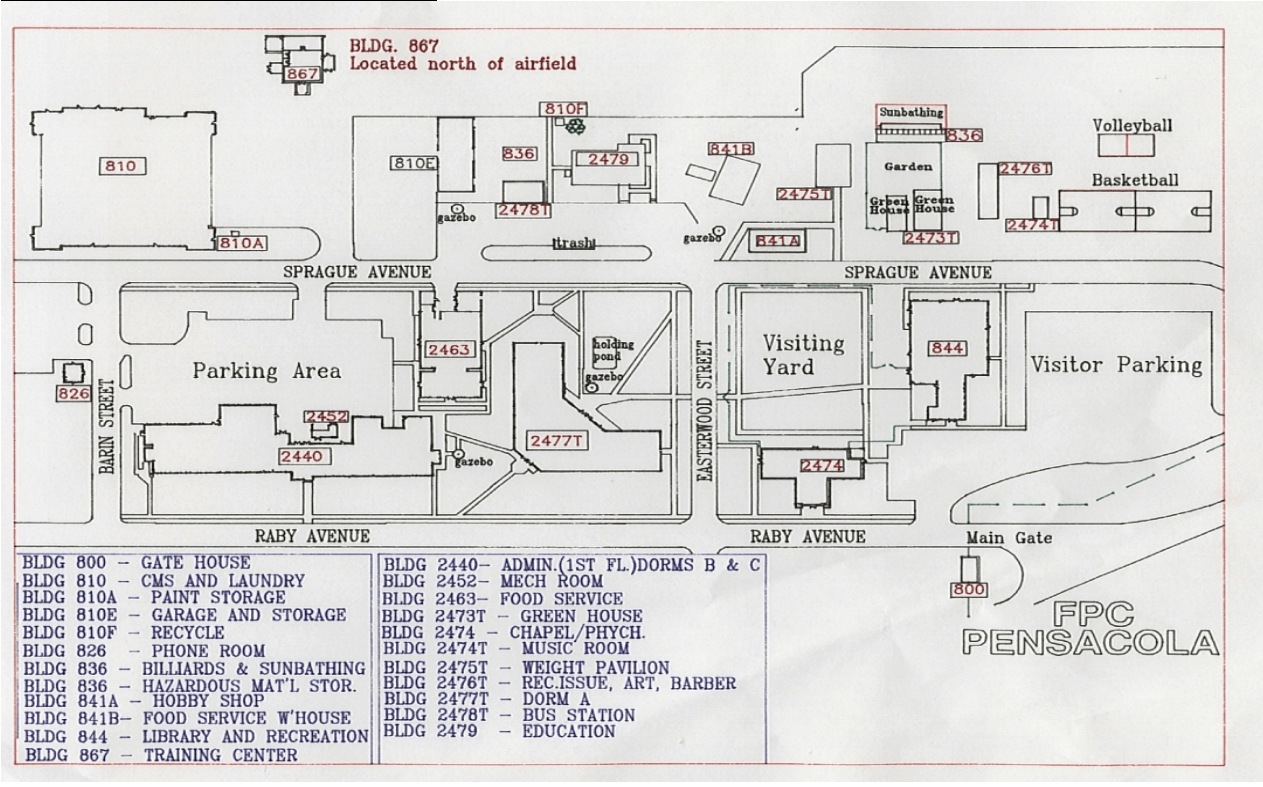

ADVERSE WEATHER

During adverse weather, an announcement may be made to close the compound. You are to return to your assigned housing Unit or assigned work detail, during working hours, until the compound is re-opened

CALL-OUTS AND DAILY CHANGES

Call-outs and Daily Changes for the following day are posted each evening on the dormitory bulletin boards. It is your responsibility to check these lists daily and report to your call-out assignment at the scheduled time. Failure to comply with this requirement will result in disciplinary action. Daily changes for classification decisions, such as bed changes and work detail changes, are posted on the Unit bulletin boards.

DIRECTORY OF BUILDINGS

OFF LIMITS/OUT OF BOUNDS

The FPC Map, which can be found in this manual, shows the out-of-bounds perimeter which an inmate must not cross without specific permission from his Supervisor. At dusk, the walking/jogging track, softball, football/soccer fields, handball/tennis courts are closed to all inmates and are out of bounds. Other restricted areas include:

1. Any inmate not in his assigned work area during work hours, on base or off base, is considered out of bounds. This means any time an inmate is anywhere other than where he is supposed to be.
2. The Staff Parking Lot (behind Building 2440, including in front of Food Service and R&D) are out of bounds, with the exception of a call-out or official business.
3. The Visitor's Parking Lot and the access street are out of bounds.
4. The Administrative Offices on the first floor of Building 2440.

INMATE SMOKING

FPC Pensacola is a no smoking/no tobacco product institution. All tobacco products are considered contraband. We understand this change will be difficult for newly-committed inmates who were tobacco users prior to their arrival. In an effort to ease the transition, we have a smoking cessation program in place which includes counseling, educational programs, and special purchase nicotine replacement patches.

Please be aware, staff is available to assist you during the upcoming months to ensure you receive needed assistance. If you feel you would benefit from the above-mentioned programs and services, you should contact your Unit Team, Health Services, and/or Psychology Services staff.

SEARCHES AND TESTING

At all times, inmates and their belongings are subject to searches. These searches for, and seizures of, contraband are on a random basis. When stopped for a random personal search, inmates must do as instructed by the staff member. Routine and random alcohol and drug tests are administered to inmates. When called to Control Center or the Lieutenant's Office, proceed there immediately and do as instructed. Attempting to evade testing will result in disciplinary action.

CONTRABAND

Possession of contraband is a serious offense and can result in severe disciplinary action. Any article not issued to you, not purchased by you at the Commissary, or for which you do not have authorization, is contraband. Articles of clothing in excess of allowed limits, and articles used for unauthorized purposes are also considered contraband.

BARBERSHOP

Haircuts and hair care services are authorized in the barber shop only. Hours of operation will be posted in each of the housing units and the barbershop.

UNIT MANAGEMENT

INITIAL CLASSIFICATION/PROGRAM REVIEWS

Inmates initially designated to the institution will receive initial classification within 28 days of arrival. Unit, Education, and Psychology staff will assess each inmate and work with them to develop an individual plan which will address skill deficits that may deter successful reentry into the community.

Subsequent program reviews will be held every 90 to 180 days, depending upon release date. These are held by the Unit Team to review progress on programming goals, work assignments, transfers, custody/security level, institutional adjustment, etc. The inmate may not waive appearance with the Unit Team.

ADMINISTRATIVE REMEDY

Problems or complaints should be discussed freely with your Case Manager, Counselor, or Unit Manager. All problems should be resolved informally through direct communication and staff intervention. If you cannot resolve complaints informally, you may file an Administrative Remedy (BP-229). These forms are supplied by your Counselor and must be returned to him/her.

SCHEDULE OF UNIT SERVICES AND ACTIVITIES

A schedule of Unit activities and programs is posted on each Unit bulletin board throughout the institution to inform you of the Unit-based activities and programs developed and implemented by the Unit Manager. (Additionally, through TRULINCS)

PROVISIONS FOR HOUSING DISABLED INMATES

For those inmates who have disabilities, see your Unit Manager for any housing or other accommodations.

ARTICLES FOR HYGIENE

Articles necessary for maintaining proper personal hygiene are available to all offenders and provided to those who are indigent upon request.

INMATE REQUEST TO REVIEW CENTRAL FILE

An inmate seeking to review his inmate Central File shall submit a request to his Case Manager via *Inmate Request to Staff Member* (“cop-out”). The inmate’s request will be acknowledged and he will be permitted to review the file whenever practicable. All file reviews must be done under constant and direct staff supervision. Those materials which have been determined to be non-disclosed shall be removed from the folder before inmate review. An entry shall be made on the Inmate Activity Record (BP-381) to show the date the inmate reviews the file. The staff member monitoring the review shall initial the entry and the inmate shall be asked to initial it.

UNSCHEDULED PROGRAM REVIEWS

Pursuant to CFR 524.14, upon request of either the inmate or staff, a Program Review may be advanced. An inmate must provide a compelling rationale to the Unit Team demonstrating his need for an unscheduled Program Review. The Unit Manager is the approving official.

UNMONITORED LEGAL TELEPHONE CALLS

In the event unmonitored legal correspondence is not practicable, an inmate may request an unmonitored legal telephone call. Unmonitored legal calls will be scheduled in advance with a member from your Unit Team. The call will take place in the Dorm-A office area.

POSTAGE FOR INDIGENT INMATES

An inmate, who has neither funds nor sufficient postage, and upon verification of this status by staff, may be provided postage stamps for mailing a reasonable number of letters at government expense to enable the inmate to maintain community ties. The request for postage will be made to the Unit Manager.

REQUEST FOR ADDITIONAL STAMPS

This is made to the Unit Manager via *Inmate Request to Staff Member* (Cop-out), hand written or sent electronically, when needing additional stamps to mail items home.

NOTARY SERVICES

Case Managers may use a certifying stamp for court activities and paperwork. Notary services are to be accessed by sending a copout to Unit Secretary.

FINANCIAL RESPONSIBILITY PROGRAM

The Bureau of Prisons strongly encourages you to satisfy your legitimate financial obligations (e.g., committed fines, non-committed fines, court assessments, child support, etc.). As part of the initial classification process, your Unit Team will provide you with the opportunity to develop a financial plan for satisfying these obligations. During subsequent program reviews, your Unit Team will consider your willingness and dedication to addressing your legal financial responsibilities. You should make every effort to satisfy your financial obligations by paying the maximum amount. You may either make a single payment or repetitive payments to satisfy your debt.

Participation in the Financial Responsibility Program (FRP) is a factor which will be assessed when considering you for various programs, including furloughs, halfway house placement, preferential housing, and requested job assignments.

CUSTODY LEVEL

All newly committed inmates are assigned to “Out” custody upon arrival at FPC Pensacola. This means that you are classified as appropriate for a minimum-security institution. To participate in any community-based activity, including furloughs and halfway houses, “Community” custody must be obtained.

Initial review of custody will generally be done after an inmate has been at the facility seven months, and once a year thereafter, in conjunction with your program review.

FURLOUGHS

A furlough is an authorized absence from the institution by an inmate who is not under the escort of a staff member or other law enforcement official. The Warden is the approving official for all furloughs. To qualify for a furlough, you must meet the eligibility requirements in Program Statement 5280.09, Furloughs. Furloughs, other than emergency or medical, may be requested at your scheduled program review, providing you meet eligibility requirements. Consult a member of your Unit Team for further information on furloughs.

COMMUNITY CORRECTIONS CENTERS

In 1961, the Bureau of Prisons established the first Federal Residential Re-entry Center (RRC) or “halfway house” to assist offenders in their transition from prison back into society. At the present time, there are more than 400 halfway houses under contract with the Bureau. The RRC placement process for eligible inmates usually begins approximately **17-19 months prior to the established release date**. You can discuss this detail at your team meetings.

RELEASE PROCEDURES

Inmates departing the institution by release or transfer will normally depart the institution by town driver. Bus, privately owned vehicle, or airplane may be utilized to arrive at final destinations. If an inmate chooses to use transportation other than that offered by the Bureau, the inmate or the inmate’s family must pay the entire transportation cost; no part of that cost will be absorbed by the Bureau. All releases and transfers will normally occur after 8:00 a.m., Monday through Friday. Exceptions are made in unusual cases.

RELEASE GRATUITIES

Inmates being transferred to a halfway house or released may be given a reasonable gratuity, based on individual need to be determined by policy and your Case Manager; with final approval by the CMC and/or Warden. You should save money for your release needs while incarcerated.

RELEASE CLOTHING

Inmates who desire release clothing to be sent in upon release or transfer to a halfway house, should make a request to their Counselor, no earlier than 30 days prior to their departure date from the institution. This clothing will be issued on the day of departure.

ACCESS TO DIPLOMATIC REPRESENTATIVE & TREATY TRANSFER PROGRAM

Pursuant to Program Statement 5140.34, Transfer of Offenders to or from Foreign Countries, an inmate who is qualified for and desires to return to his or her country of citizenship for service of a sentence imposed in a United States Court shall indicate his or her interest by completing and signing the appropriate form and forwarding it to the Warden at the institution where the inmate is confined.

During the initial application process, Unit staff will suggest the inmate contact the nearest foreign consular office to advise them of his or her desire to be considered for treaty transfer. Foreign officials normally have documents for the inmate to complete and return to the local consulate and can also assist the inmate in providing proof of citizenship. Consular officials may request to visit the inmate at the institution.

CONSULAR VISITS

When it has been determined that an inmate is a citizen of a foreign country, the Warden permits the consular representative of that country to visit on matters of legitimate business. The Warden may not withhold this privilege even though the inmate is in disciplinary status. The requirement for the existence of an established relationship prior to confinement does not apply to consular visitors.

GROOMING AND SANITATION

Appearance is important in making a positive impression on others, as well as providing you with a feeling of general well-being and personal satisfaction. You are expected to maintain a neat personal appearance at all times. There is no limitation on hairstyle and length of hair; however, hair will be clean and neatly-groomed at all times. Beards and mustaches are permitted. Additionally, uniforms should be worn with the shirt buttoned and tucked in 24/7.

It is expected for all inmates at this institution to adhere to the dress code. This will be strictly enforced from **6:30 a.m. to 4:00 p.m., Monday through Friday**. Although brown T-shirts may be authorized on the Compound and military work sites by the supervisor while working, i.e., cutting grass, or other labor-intensive job assignments, the brown T-shirts will be tucked inside of your trousers. The issued green shirt is required in all other circumstances. Inmates off duty between 7:30 a.m. and 4:00 p.m. may wear personal clothing from the dorm to Recreation only. During visitation, proper attire will be the green long- or short-sleeved shirt, green trousers, and institution work boots or tennis shoes.

If you need additional guidance, please speak with your detail supervisor.

You will be held responsible for the condition of your living area. Beds are to be made properly, areas cleaned, trash emptied and lights turned off before work call. Nothing is to be taped or nailed to walls or furnishings. Strict adherence to the cubicle/room sanitation illustration located on the bulletin boards is required.

HEALTH SERVICES

PROGRAM OBJECTIVE

The expected result of this program is that healthcare will be delivered to inmates in accordance with proven standards of care without compromising public safety concerns inherent to the agency's overall mission.

SCOPE OF SERVICE

The FPC provides primary health care for acute and chronic conditions including diagnosis, treatment, and education of inmates. Our clinical staff includes two physicians, dentist, two registered nurses, and a contract Licensed Practical Nurse. Centralized pharmacy services are utilized, as the FPC is not authorized to have an on-site pharmacy. General radiological procedures are performed on-site and are interpreted via tele-radiology. All laboratory specimens are sent to referral laboratories for analysis, except for finger sticks for blood glucose and basic urine dip sticks. Contract optometry and dental hygiene services are also performed on-site. Any additional care needs as determined by the Clinical Director will be provided in the local community or by a Federal Medical Center.

PRIMARY CARE PROVIDER TEAMS (PCPT)

Health care is delivered by an assigned team of medical providers. Upon arrival to FPC Pensacola, each inmate is assigned to a team led by a physician in order to promote continuity of care. Health care visits are accomplished through scheduled appointments.

ACCESS TO CARE

Requests for non-emergent or routine medical care from your PCPT should be submitted electronically, or by a written *Inmate Request to Staff Member (Cop-out)* form, indicating your sick call/routine care complaint. You will receive your appointments via institutional call out. Patients arriving late for appointments will not be seen and are subject to disciplinary action. It is your responsibility to check the call-outs on a daily basis, to include weekends, and report for your appointment at the proper time.

NORMAL HOURS OF OPERATION

Monday – Friday, 7:00 am – 5:30 pm, except federal holidays. Most appointments occur during these hours with the exception of fasting lab tests, which are conducted in the early morning, and occasional weekend appointments. A health care provider is also available on weekends and holidays from 7:00 am – 5:00 pm for pill line and emergencies only.

SICK CALL TRIAGE

Is available most weekdays for sudden illness or injury that requires immediate treatment (infections, injuries, acute pain, etc.). You will be triaged by a health care provider, who will determine whether you must be seen immediately or if you may be seen by appointment. Sick Call Triage is available Tuesday - Friday (except for federal holidays) from 4:30 pm - 5:00 pm.

CHRONIC CARE CLINICS

Inmates with chronic care related issues will be seen at a minimum once a year, or more often as deemed necessary by a physician. These visits are automatically scheduled for you. If your condition changes or worsens prior to your scheduled visit, you should request an appointment with your provider.

PREVENTATIVE HEALTH CARE PROGRAM

Based on BOP Preventive Health Care clinical practice guidelines, is in place to ensure the availability of age-specific examinations for the inmate population (i.e. colon cancer, cholesterol screening, etc.). Newly committed inmates will receive a history and physical examination within 14 days of arrival, along with a baseline prevention visit to determine your individual needs. In general, follow-up visits occur every three years for inmates under age 50, and annually for inmates age 50 and over, and may occur in conjunction with a chronic care visit. Inmates within one year of release may also request an updated examination.

MEDICATION ROOM SERVICES

The FPC does not have an on-site pharmacy. All prescriptions are submitted electronically, filled at FCC Coleman, and shipped to the institution. You should allow approximately two business days for arrival. Some time-sensitive medications (antibiotics) are available on-site for issue until your prescription arrives. Refills should be requested electronically through TRULINCS, but a renewal of a prescription requires you to be seen by your health care provider. Over-the-counter medications such as pain relievers and common cold preparations are available at the Commissary for your purchase.

PILL LINE

Is held daily from 7:05 a.m. – 7:15 a.m. daily, and from 4:30 p.m. – 5:15 p.m. (4:30 p.m. - 4:50 p.m. on weekends and holidays). Pill line is a program, and non-compliance may result in disciplinary action.

INSULIN LINE

Is held at 7:15 a.m. and 3:15 p.m. daily in Health Services. Insulin-dependent diabetics will be issued a glucometer for self-reporting of finger stick glucose levels.

EMERGENCY MEDICAL CARE

Is available 24 hours a day, seven days a week. You should notify your detail supervisor or nearest staff member if you require emergency care. Inmates will be seen immediately by a health care provider during normal duty hours. During hours that no health care staff is available, the Lieutenant will contact the on-call physician for further instructions, or will activate EMS in the event of a life-threatening emergency.

DENTAL SERVICES

The mission of Dental Services is to stabilize and maintain the inmate population's oral health by providing oral health education, requiring acceptable oral hygiene practices, and providing controlled access to essential urgent or routine dental care, consistent with professional standards, to the greatest number of patients within available resources.

Inmates new to the BOP will receive a baseline dental screening examination within 30 days of arrival. Access to dental care is outlined below.

DENTAL SICK CALL

Dental Sick Call is for dental emergency cases only, and is conducted along with medical Sick Call Triage. A dental emergency is usually a condition that occurs suddenly and involves intense pain and/or swelling. If you develop an emergency during normal hours of operation, you can notify your detail supervisor or nearest the staff member, who will contact the dentist for further instructions. If the emergency occurs during non-business hours, you must notify the duty nurse on weekends or the Lieutenant will notify the on-call physician, who may contact the dentist if needed. Health care providers work with the dentist to ensure you receive timely evaluation and treatment. Abuse of sick call appointments, i.e., using them for non-emergencies, is subject to disciplinary action and is an inappropriate use of dental resources.

Non-emergency dental care is requested electronically or in writing through an *Inmate Request to Staff Member* (Cop-out) explaining what you are requesting (i.e. routine dental care, cleaning, or both). Your request will be answered and a copy returned to you indicating you have been placed on a list. Retain this copy in case of any problems. Inmates will be seen in order of the date of their request. If you have transferred from another BOP institution, your prior request for routine dental care and dental hygiene will transfer to the FPC. You may confirm this via *Inmate Request to Staff Member* (Cop-out).

YOU MUST PRESENT YOUR INMATE IDENTIFICATION CARD TO RECEIVE ANY SERVICES AT THE HEALTH SERVICES DEPARTMENT. NO EXCEPTIONS.

INMATE CO-PAYMENT PROGRAM

In accordance with Program Statement P6031.02, you must pay a fee of \$2.00 for inmate requested visits to health care providers (includes medical and dental services).

Visits requested by non-medical staff on your behalf are also subject to a co-pay fee. If you are found responsible through the Disciplinary Hearing Process to have injured an inmate who, as a result of the injury, requires a health care visit, you will be charged a co-pay fee.

Your health care provider will determine if your health care visit is subject to a co-pay fee, and appeals should be addressed with the Health Services Administrator via electronic or written *Inmate Request to Staff Member* (Cop-out), or the Administrative Remedy Program.

A co-pay fee will not be charged for the following:

1. Health care services based on health care staff referrals (labs, x-ray, consultants, etc.);
2. Health care staff-approved follow-up treatment for a chronic condition;
3. Preventive health care services;
4. Emergency services; **including PREA evaluations**
5. Diagnosis or treatment of chronic infectious diseases;
6. Mental health care; or
7. Substance abuse treatment.

At no time will inmates be denied access to necessary health care due to an inability to pay the co-pay fee. If you are considered indigent at the time of your appointment, you will not have the co-pay fee deducted from your Inmate Commissary Account. An **indigent inmate** is defined as one who has not had a trust fund account balance of at least \$6.00 for the previous 30 days. If you are NOT indigent, but you do not have sufficient funds to make the co-pay fee on the date of the appointment, a debt will be - - established by TRUFACS, and the amount will be deducted as funds are deposited into your account.

MEDICAL DUTY STATUS

If you are placed on temporary non-work duty status, you will receive a copy of this form as documentation for your detail supervisor or correctional staff. This form also documents your authorization for any medical equipment (wheelchair, cane), footwear, or work restrictions. Definitions and requirements of temporary non-work status are listed below:

MEDICAL IDLE

These are generally short-term, not to exceed 72 hours, for acute injuries or illnesses. This is a non-working status. You must remain in your Unit with the following exceptions: You may attend meals, religious services, and sick call/pill line. You will be fully clothed in uniform during the entire workday, whenever leaving the Unit.

MEDICAL CONVALESCENCE

These are generally long-term, not to exceed 30 days, for surgical procedures or rehabilitation. This is a non-working status. You may leave the Unit after clearance of the Unit Officer. You will not be allowed to participate in any sports unless otherwise indicated by the practitioner. You will be clothed in full uniform during the entire workday, whenever leaving the Unit. Appropriate recreation attire will be worn if going to a recreation area.

RE-ENTRY AND THE HEALTH PROMOTION/DISEASE PREVENTION PROGRAM

This facility fully supports patient education, disease prevention programs, and your active participation in your health care.

In order to facilitate these programs, your Unit Team, Psychology Department, Recreation Department, and the Health Services Unit has joined efforts to provide you with a variety of written material, videos, audio tapes, oral presentations, workshops, and exercises to assist and guide you in your total body care, and your preparation for re-entry into the non-correctional environment.

MEDICAL RECORD COPIES

Requests for copies of your medical file should be submitted to Health Services electronically or in writing through an *Inmate Request to Staff Member (Cop-out)* form. The BP-A0148 will be addressed to the HSA or his/her designee.

The cop-out should provide the specific items that you are requesting copies of from your file. You will then be placed on institution call-out when your copies are ready. Under 28 CFR 16.11, an inmate may be charged \$.10 per page for duplication. An inmate may never be charged for a review of his/her records. A charge for fees may not be levied if the total to be collected is \$14.00 or less.

The first 100 pages are free with no subsequent charge until a fee in excess of \$14.00 is reached:

Pages 1-240 = No charge.

Pages 241 and above = \$.10 per page for each page after the first 100.

Example: 241 pages: 241-100 = 141 pages → 141 x \$.10 = \$14.10
 335 pages: 335-100 = 235 pages → 235 x \$.10 = \$23.50

Inmates will be informed of estimated fees. Fees will not be collected until copies have been made. Copies will not be provided to the inmate until associated fees are paid.

Consult the institution Trust Fund Manager regarding processing of fees.

INFECTION CONTROL

The FPC is dedicated to prevention and management of infectious disease in the correctional environment. Accordingly, diagnosed inmates will be monitored in the Chronic Care Clinic, and infectious disease surveillance activities are performed as a function of the Infectious Disease nurse.

BLOODBORNE PATHOGENS (HIV, Hepatitis B, and Hepatitis C) are viruses transmitted through contact with an infected person's blood. The most common methods of transmission are by sharing needles for tattoos or drugs, and engaging in unprotected sexual intercourse. If you believe you may have been exposed to someone's blood, immediately wash the area with soap and water, if appropriate, and report to Health Services for evaluation. All inmates will be offered an HIV test upon arrival to the institution, and hepatitis tests will be ordered on a case-by-case basis.

TUBERCULOSIS

Is caused by a bacterium and is transmitted through droplets in the air (coughing). All inmates are required to participate in the TB prevention program and will receive TB screening annually.

MRSA (Methicillin Resistant Staphylococcus Aureus)

Is Staphylococcus Aureus Resistant to antibiotics cases, potential or actual, are monitored closely by Health Services.

Inmates with suspected MRSA are required to take antibiotics on pill line, and must report for all dressing changes and follow-up visits. Frequent hand washing and disinfection of hard surfaces throughout the facility can decrease the potential for MRSA infection.

An incident report may be written or disciplinary action may be taken (e.g., extra duty assigned) if checked out books/materials are damaged or not returned to the Psychology Resource Center by their due date.

SUICIDE PREVENTION

Incarceration can be a difficult experience. At times you may feel discouraged, frustrated and helpless. It is not uncommon for people to experience depression while incarcerated (especially those that are newly incarcerated, serving long sentences, experiencing family problems,

struggling to get along with other inmates, or receiving bad news). Over time, most inmates successfully adapt to incarceration and find ways to use their time productively and meaningfully. However, some inmates continue to struggle with the pressures of incarceration and become overwhelmed by a sense of hopelessness. If you feel a sense of hopelessness or begin to think about suicide, talk to any staff member. Help is available. If you feel you are in imminent danger of harming yourself or someone else, you should contact any staff member immediately. The on-call Psychologist will be notified.

Additionally, if you suspect another inmate is contemplating suicide, PLEASE notify any staff member right away. Most suicidal individuals display some warning signs of their intentions. The most effective way to prevent another person from taking their life is to recognize the risk factors for suicide and take them seriously. Some warning signs of suicide may include:

- Threatening to hurt or kill oneself or talking about wanting to hurt or kill oneself
- Feeling hopeless, depressed
- Feeling rage or uncontrolled anger or seeking revenge
- Increased alcohol or drug use
- Withdrawing from friends, family, associates
- Experiencing dramatic mood changes
- Feeling anxious or agitated, being unable to sleep, or sleeping all the time
- Seeing no reason for living or having no sense of purpose

If your friend, cell mate, co-worker, or associate is exhibiting these signs, start by telling the person you are concerned and give them examples of what you see that worries you. Listen and encourage the person to seek help. If they are hesitant, offer to go with them to speak to any staff member. If you are not confident they will seek help, notify any staff member yourself. If you report your concerns, you can rest easy knowing you did everything within your power to assist the individual.

DRUG ABUSE PROGRAMS

The Federal Bureau of Prisons operates a structured Drug Abuse Treatment Program to identify inmates in need of substance abuse treatment upon their entry and throughout their incarceration. This multi-pronged treatment delivery system accommodates the entire spectrum of inmates in need of substance abuse programs through the Drug Abuse Education Course, Non-Residential Treatment Program, Residential Drug Abuse Treatment Program (RDAP), Follow-Up Treatment in general population, and Community Transitional Drug Abuse Treatment (CTS). FPC Pensacola offers all of the above-mentioned Drug Abuse Treatment Programs with the exception of CTS which is offered out in the community. FPC Pensacola also hosts Alcoholics Anonymous (AA) and Narcotics Anonymous (NA). Please refer to the Psychology Department bulletin boards found in the main Psychology Department hallway for specific AA and NA meeting times and locations.

Drug Abuse Education Program (aka Drug Ed)

- An introductory psycho-educational program that is 12-15 hours in duration (not intensive)

- The purpose of Drug Education is to inform inmates of the consequences of drug/alcohol abuse and addiction and to motivate inmates who need drug abuse treatment to apply for further drug abuse treatment.
- Some inmates are required to take Drug Education, as determined by your Unit Team through their initial file review.
- If required to take Drug Education, you will be required to sign the appropriate paperwork. Those who are required, but refuse to take this program will 1) not be eligible for performance pay above maintenance pay level or for bonus/vacation pay, and 2) shall be ineligible for a Federal Industries work program assignment.
- If you are not required to take this program, you may still volunteer to take Drug Education anyway. Please submit a Cop-out to the DAPC or Non-Residential DTS requesting your interest in being placed on the waiting list for this program.

Non-Residential Drug Abuse Treatment Services *(aka Non-Res)*

- The purpose of the Non-Residential Drug Abuse Program is to afford all inmates with a drug problem the opportunity to receive drug abuse treatment; especially those inmates who are interested in drug abuse treatment but do not qualify for the RDAP program.
- This is a voluntary program for anyone with a reported substance abuse history.
- Non-Residential Drug Abuse Programming ranges from 90-120 minutes a week for a minimum of 12 weeks or a maximum of 24 weeks. The program is designed to occur in 12-14 sessions within the 12-24-week cycle.
- Please submit a Cop-out to the DAPC or Non-Residential DTS requesting your interest in being placed on the waiting list for this program.

Residential Drug Abuse Program *(aka 500-hour RDAP):*

- RDAP is a voluntary intensive residential treatment program for those inmates with a diagnosable and verifiable substance use disorder (within the 12-month period prior to the inmate's arrest on their current offense), and who are able to participate in the entire RDAP (e.g., no pending charges or detainer that would preclude RRC placement).
- You must complete the 1) unit-based component – minimum of 500 hours with a duration of 9 to 12 months, 2) Follow-up services – must participate in treatment if time allows between completion of the unit-based component and transfer to a community-based program for up to 12 months or until transferred to RRC, whichever occurs first, 3) CST component – must receive no less than 120 days placement in an RRC to complete CST treatment.
- If you are interested in applying for the RDAP program, please submit a cop-out to the DAPC with the following information on it: 1) indicate your interest in being screened for the RDAP program and 2) include your projected release date.
- After you submit your cop-out, your case will be screened by a Drug Treatment Specialist (DTS). If the DTS determines that you meet the basic qualification for the RDAP program, you will receive an RDAP eligibility interview by the DAPC.
- Inmates that successfully complete the RDAP program may be eligible for early release by a period not to exceed 12 months (for nonviolent offenders only – determined via an offense review by DSCC legal staff).

Community Transitional Drug Abuse Treatment Program: (aka CTS)

- CTS is the third and final component of the RDAP, which occurs in the community.
- To ensure continuity of care, inmates who are transferred to a Residential Reentry Center (RRC) or home confinement, continue to receive treatment through contract community-based treatment providers.
- An inmate’s refusal to participate in this component of RDAP is considered an RDAP failure, which disqualifies them for any additional incentives consideration, and may result in the inmate’s return to secure custody.

THE PRISON RAPE ELIMINATION ACT (PREA)

The Prison Rape Elimination Act of 2003 (PREA) is a federal law that prohibits and seeks to eliminate sexual assaults and sexual harassment in correctional institutions and community corrections settings. The Federal Bureau of Prisons is mandated to comply with PREA standards which are addressed in the Sexually Abusive Behavior Prevention and Intervention Program policy.

SEXUAL ABUSIVE BEHAVIOR PREVENTION

The Federal Bureau of Prisons has a ZERO TOLERANCE policy against sexual abuse and sexually abusive behavior. While you are incarcerated, no one has the right to pressure you to engage in sexual acts. You do not have to tolerate sexually abusive behavior or pressure to engage in unwanted sexual behavior from another inmate or a staff member. Regardless of your age, size, race, ethnicity, gender, or sexual orientation, you have the right to be safe from sexually abusive behavior.

An “Overview for Offenders” booklet regarding Sexually Abusive Behavior Prevention and Intervention is available (in English and in Spanish) at the end of this A&O Handbook and/or in the Psychology Services Department (e.g., available in the Psychology Resource Library, in the brochure holders in the main Psychology Department hallway, and/or per request from a – - Psychologist). Please refer to the “Overview for Offenders” booklet for a more in-depth explanation and multiple mailing addresses, etc.

Sexual Abuse of a Staff Member by an Inmate (per policy)

The Bureau recognizes that addressing inappropriate sexual behavior by inmates towards staff furthers the objectives of PREA by increasing the overall security and safety of institutions. The Bureau also has ZERO TOLERANCE for sexual abuse of a staff member by an inmate, detainee, or resident. Sexual abuse of staff by an inmate, detainee, or resident includes actions such as:

- (1) Contact between the penis and vulva or penis and the anus, including penetration, however slight.

The Bureau also has **ZERO TOLERANCE** for sexual harassment of staff by inmates. Sexual harassment includes actions such as:

- (2) Verbal comments or gestures of a sexual nature by an inmate, detainee, or resident to a staff member, contractor, or volunteer, including demeaning references to gender, sexually suggestive or derogatory comments about body or clothing, or obscene language or gestures.

Sexual abuse and sexual harassment of staff members should be addressed through other existing statutes, policies, and procedures, such as using the inmate discipline system and referral for criminal prosecutions as appropriate.

Prevention Strategies to Minimize Risk of Sexually Abusive Behavior or Harassment

Here are some things you can do to protect yourself and others against sexually abusive behavior or sexual harassment while in BOP custody.

- Carry yourself in a confident manner at all times. Do not permit your emotion (fear/anxiety) to be obvious to others.
- Do not accept gifts or favors from others. Most gifts or favors come with strings attached to them.
- Do not accept an offer from another inmate to be your protector.
- Find a staff member with whom you feel comfortable discussing your fears and concerns.
- Be alert! Do not use contraband substances such as drugs or alcohol; these can weaken your ability to stay alert and make good judgments.

- Be direct and firm if others ask you to do something you don't want to do. Do not give mixed messages to other inmates regarding your wishes for sexual activity.
- Stay in well-lit areas of the institution.
- Choose your associates wisely. Look for people who are involved in positive activities like educational programs, psychology groups, or religious services. Get involved in these activities.
- Trust your instincts. If you sense that a situation may be dangerous, it probably is. If you fear for your safety, report your concerns to staff.

Methods of Reporting an Incident of Sexually Abusive Behavior or Sexual Harassment (for self and others):

It is important that you *tell a staff member immediately* if you are the victim of sexually abusive behavior or sexual harassment. It is equally important to inform staff if you have witnessed sexually abusive behavior or sexual harassment. You can tell your Case Manager, Chaplain, Psychologist, SIS, the Warden or any other staff member you trust. BOP staff members are instructed to keep reported information confidential and only discuss it with the appropriate officials on a need to know basis concerning the inmate-victim's welfare and for law enforcement or investigative purposes. There are other means to confidentiality report sexually abusive behavior or sexual harassment if you are not comfortable talking with staff.

- Write directly to the Warden, Regional Director or Director. You can send the Warden an *Inmate Request to Staff Member* (Cop-out) or a letter reporting the sexually abusive behavior. You may also send a letter to the Regional Director or Director of the Bureau of Prisons. To ensure confidentiality, use special mail procedures. Please refer to the "Overview for Offenders" booklet for specific mailing addresses.
- File an Administrative Remedy. You can file a Request for Administrative Remedy (BP-9). If you determine your complaint is too sensitive to file with the Warden, you have the opportunity to file your administrative remedy directly with the Regional Director (BP-10). You can get the forms from your counselor or other unit staff.
- Write the Office of the Inspector General (OIG) which investigates allegations of staff misconduct. OIG is a component of the Department of Justice and is not a part of the Bureau of Prisons. The address is:

**Office of the Inspector General
U.S. Department of Justice
Investigations Division
950 Pennsylvania Avenue, N.W.
Room 4706
Washington, D.C. 20530**

- Email OIG. You can send an email directly to OIG by clicking on the TRULINCS Request to Staff tab and selecting the Department Mailbox titled, DOJ Sexual Abuse Reporting. This method of reporting is processed by OIG during normal business hours, Monday–Friday. It is not a 24-hour hotline. For immediate assistance, contact institution staff.

* **Note:** These emails:

- Are untraceable at the local institution,
- Are forwarded directly to OIG
- Will not be saved in your email ‘Sent’ list
- Do not allow for a reply from OIG
- If you want to remain anonymous to the BOP, you must request it in the email to OIG.
- Third-party Reporting. Anyone can report such abuse on your behalf by accessing the BOP’s public website, specifically:
 - https://www.bop.gov/inmates/custody_and_care/sexual_abuse_prevention.jsp

Treatment Options/Programs for Victims of Sexually Abusive Behavior & Sexual Harassment

If you are the victim of sexually abusive behavior or sexual harassment, whether recent or in the past, you may seek counseling, without financial cost, and/or advice from Psychology Services or Religious Services. Evaluation, crisis counseling, follow-up, treatment plans, referrals, coping skills, suicide prevention, mental health counseling, and spiritual counseling are all available.

Confidentiality

Any information related to sexual victimization or abusiveness that occurred in an institutional setting shall be strictly limited to medical and mental health practitioners and other staff, as necessary, to inform treatment plans and security management decisions or as otherwise required by Federal, State, or local law. Medical and mental health practitioners shall obtain informed consent from inmates before reporting information about prior sexual victimization that did not occur in an institutional setting; however, a risk of sexual victimization or risk of sexual abusiveness will be conducted by psychology staff and appropriately documented. Appropriate psychological treatment and monitoring will be provided if needed.

Monitoring, Discipline, and/or Prosecution of Sexual Perpetrators

Anyone who sexually abuses/assaults/harasses others while in the custody of the BOP will be disciplined and prosecuted to the fullest extent of the law. If you are an inmate assailant, you will be referred to Correctional Services for monitoring. You will be referred to Psychology Services for an assessment of risk and treatment and management needs.

Treatment compliance or refusal will be documented and decisions regarding your conditions of confinement and release may be affected. If you feel that you need help to keep from engaging in sexually abusive behaviors, psychological services are available.

Prohibited Acts

Inmates who engage in inappropriate sexual behavior can be charged with the following Prohibited Acts under the Inmate Disciplinary Policy:

- Code 114/(A): Sexual Assault by Force
- Code 205/(A): Engaging in a Sex Act
- Code 206/(A): Making a Sexual Proposal
- Code 221/(A): Being in an Unauthorized Area with a Member of the Opposite Sex
- Code 229/(A): Sexual Assault Without Force
- Code 300/(A): Indecent Exposure
- Code 404/(A): Using Abusive or Obscene Language

Community Resources and local Rape Crisis Center (RCC)

FPC Pensacola has established a Memo of Understanding (MOU) with a local RCC called Lakeview Center to provide the following services:

- Victims of sexual abuse in the BOP are offered access to forensic medical examinations, without financial cost, where evidentiary or medically appropriate. Such examinations are performed by a Sexual Assault Forensic Examiner (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible.
- Per inmate request, staff can contact the RCC to request a victim advocate to respond to sexual assault forensic exam for a qualifying inmate at an emergency room in Escambia or Santa Rosa County, Florida. If a victim advocate is unavailable, a qualified agency staff member can be requested.
- The Chaplain or SIS can provide an inmate access to the rape crisis hotline (850-433-7273) without financial cost. These phone calls are not recorded, but are monitored by staff in a manner consistent with agency security practices. FPC Pensacola staff will inform inmates, prior to giving them access, of the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities, in accordance with mandatory reporting laws.
- Contact with the RCC is limited to support and advocacy for a sexual abuse incident occurring at FPC Pensacola, not for prior sexual abuse victimization. RRC certified victim advocates maintain confidential communication with inmates and shall obtain consent, prior to contacting FPC Pensacola or other third parties, about confidential information unless required to reveal information under state or federal law (such as in the mandatory reporting or a child or vulnerable adult).
- The RCC can provide inmate referrals for treatment options in the local community that inmates can utilize upon their release from prison.

The following are a listing of local community services that provide confidential emotional support services related to sexual abuse. More detailed resources/brochures

are available in the Psychology Services Department (e.g., available in the Psychology Resource Library, in the brochure holders in the main Psychology Department hallway, and/or per request from a Psychologist).

National Sexual Assault Telephone Hotline

If an inmate is a victim of sexual abuse while incarcerated and would like to seek emotional services from the community, the inmate can also access the National Sexual Assault Hotline. Unit Team or Psychology Services staff will assist in making a free confidential call to the Rape, Abuse, & Incest National Network (RAINN) at 1-800-656-HOPE(4673). These phone calls are not recorded, but are monitored by staff in a manner consistent with agency security practices. FPC Pensacola staff will inform inmates, prior to giving them access, of the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities, in accordance with mandatory reporting laws. The inmate will be connected with a trained staff member from a sexual assault service provider in the area. Calling the National Sexual Assault Hotline gives access to a range of free services including:

- Confidential, judgment-free support from a trained staff member
- Support finding a local health facility that is trained to care for survivors of sexual assault and offers services like sexual assault forensic exams
- Someone to help talk through what happened
- Local resources that can assist with next steps toward healing and recovery
- Referrals for long term support in your area
- Information about the laws in your area
- Basic information about medical concerns

Sexual assault service providers are organizations or agencies dedicated to supporting survivors of sexual assault. The providers who answer calls placed to the hotline are known as RAINN affiliates. To be part of the National Sexual Assault Hotline, affiliates must agree to uphold RAINN's confidentiality standards. That means:

- Never releasing records or information about the call without the consent of the caller, except when obligated by law
- Only making reports to the police or other agencies when the caller consents, unless obligated by law
- Agreeing to RAINN's non-discrimination policy

EDUCATION

The Education Department offers a wide variety of programs for inmate self-improvement and enrichment including academic training, social education, vocational training, hobby crafts and recreation. Any required courses or placement tests will be explained. Inmates are encouraged to inquire about courses and programs of interest to them.

PARENTING

The National Parenting Program provides inmates information and counseling through directed classes on how to enhance their relationship with their children, even while incarcerated. All Parenting Programs include a classroom and visitation component. In addition, social service outreach contacts are often established to facilitate the provision of services to the inmate parent, visiting custodial parent, and children.

GED

Inmates arriving without a verified high school/GED diploma will be enrolled in evening GED classes. Attendance is mandatory for 240 instructional hours or until completion. The Violent Crime Control and Law Enforcement Act (VCCLEA) mandates that an inmate whose offense was on or after September 13, 1994, but before April 26, 1996, and who lacks a high school credential, participate in and make satisfactory progress toward attaining a General Educational Development (GED) credential to vest earned Good Conduct Time (GCT).

CORRESPONDENCE

Mail is distributed Monday through Friday (excluding holidays), between 5:30 p.m. and 8:30 p.m. in the inmate's assigned housing unit. **YOU ARE REQUIRED TO ATTEND MAIL CALL EVERY DAY.** Failure to do so may result in disciplinary action. Outgoing general correspondence will be deposited in the blue mailbox located outside the mail room. All outgoing mail may be sealed and must contain the complete return address including inmate's name and register number and appropriate postage. Inmates are required to place a TRULINCS-generated mailing label on all outgoing postal mail. Outgoing mail is subject to inspection prior to dispatch from the institution.

All outgoing special mail will be delivered to the mail room officer during open house hours, or placed into the Legal/Special mail outgoing mailbox, this is a black box labeled as such mounted on the wall adjacent to the outgoing mail box for general correspondence. Outgoing special mail will be picked up the following business day for dispatch to the U.S. Postal Service. General mail may not be placed in the box marked "Special Mail". Conversely, special mail must be presented as special mail, and not deposited with the general mail.

Incoming mail will be opened and searched for contraband and unauthorized material. Unauthorized material (i.e. greeting cards, card stock, items sprayed with perfume or other substance, any paper other than white paper, any envelope other than white, glitter, paper with lipstick kisses or paint, body hair, plant shavings, small artifacts, sexually explicit personal photographs, musical cards, compact discs, stamps, stationery, lottery tickets, plastic cards, collector/trading cards, etc.) will be returned to sender.

The institution mail room at FPC Pensacola does not accept funds received from outside the institution.

All funds being sent to inmates must be sent to the National Lock Box location at the following address:

Federal Bureau of Prisons
Insert Inmate Name
Insert Inmate Register Number
P. O. Box 474701

An inmate may not receive stamps or stamped items through the mail (i.e. envelopes embossed with stamps or postal cards with postage affixed).

Inmates are prohibited from receiving computer media, and computer hacker related books or publications.

Mail room staff shall return to the sender or publisher all publications found to be non-distributable under the “Ensign Amendment.”

Inmates shall be notified via use of “Notification to Inmate of Return or Publication or Materials,” however, statutory restrictions on the material available preclude any inmate review of the material. All newspapers must be received directly from the publisher. A newspaper is a publication that is printed on newspaper (pulp-like paper stock) and/or sectioned and folded.

Hard-covered books must also be received directly from the publisher, a book club, or a bookstore. Soft-cover materials (paperback books or magazine) may be received from any source. Subscriptions to magazines may be made by submitting a Form 24 to your Counselor.

Inmate-to-inmate correspondence is prohibited unless approved, in advance, by the Unit Managers of each respective federal institution or Warden-to-Warden approval for state and local facilities.

All incoming packages must have an authorization form on file in the mail room, prior to the arrival of a package. The authorizations are taken to the mail handling facility and compared to packages received. Authorizations may be obtained from your Unit Team, the Education Department, Chaplain, or Medical Department.

A copy of the signed authorization must be enclosed inside the package. Only the items authorized may be enclosed in the package. Any items found that are not authorized will result in the entire package being returned to the sender at your expense. Should no authorization be on file, the package will be rejected at the mail handling facility and returned, unopened, to the sender. The package will be distributed by the department issuing the authorization.

Packages authorized by the Unit Team for release clothing will be distributed through R&D during the inmate’s last day when he is on his “Unit Run.”

“LEGAL/SPECIAL MAIL”

For this type of mail to be considered as such, the actual sender must be adequately identified by name, and the firm identified as a law firm on the envelope. Also, the envelope must be marked “Special Mail – Open Only In the Presence of the Inmate.” Any mail received which does not meet these requirements, will be treated as general correspondence.

Unit Management will distribute accountable and special mail to the inmates in the unit offices. Inmates will be notified of any legal or special mail by Unit Team.

The Mail Room has “Open House” Tuesday 3:15 p.m. to 3:45 p.m., and Thursday 3:15 p.m. to 3:45 p.m. (excluding holidays). Express mail and C.O.D. services are not available for inmate use. Express mail received for inmates is processed as First-Class mail upon receipt at this facility. The only special services for inmate use are certified, insured, and registered mail.

All mail addressed to and from and inmate must contain the following information:

Committed Name, Register Number
Federal Prison Camp
P. O. Box 3949

RECEIVING AND DISCHARGE

Hours for R&D are Tuesday 3:15 p.m. to 3:45 p.m., and Thursday 3:15 p.m. to 3:45 p.m. (excluding holidays). This area is off limits to all inmates unless a staff member requests your presence in this area.

If you alter your appearance drastically, you will be required to obtain a new card at your expense. Cards that will not work due to a faulty magnetic strip will require a receipt from the Commissary before a replacement card will be issued. You are required to have this card in your possession at all times.

RECORDS OFFICE

The Records Office is responsible for the legal commitment and release of offenders. Newly committed offenders will normally receive a sentence computation within 30 days after arrival at the institution.

Inmates who are transferred from other federal institutions will not normally receive a new copy unless their release date is changed. In the event you believe there is a mistake in your computation, you should complete an *Inmate Request to Staff Member (Cop-out)* form or attend “Open House” hours which are Tuesday 3:15 p.m. to 3:45 p.m., and Thursday 3:15 p.m. to 3:45 p.m. (excluding holidays).

SAFETY

Every effort will be made to provide a safe living and working environment for each inmate. You should familiarize yourself with the camp’s safety regulations.

Informative booklets covering vital institution safety policy and procedures are available in the Safety Office upon request. Work related injuries should be reported to your supervisor immediately.

You should familiarize yourself with the fire evacuation diagrams and procedures posted in each dormitory. You should know where the nearest emergency ‘pull station’ is located, in case you are the first person to discover a fire, see, or smell smoke. You may use a fire extinguisher if you are trained and know how and when they are beneficial. Regularly scheduled and unscheduled fire drills are held in the institution. It is important for anyone hearing a fire alarm to calmly and quickly vacate the building.

While you are working, it is your responsibility to use the appropriate safety equipment issued to protect yourself against physical injury and/or health hazards. Your supervisor is tasked with providing you with such equipment when a work assignment calls for protective gear.

A few primary examples include: wearing safety goggles when performing any grinding, chiseling, filing, chipping, or buffing operation. You must wear hearing protection on all work stations designated as high-noise level areas. All inmates shall wear steel-toed shoes.

You should report all safety hazards immediately to your work supervisor. Do not continue to work in any area or on any machinery or equipment that is unsafe or improperly guarded. If your work supervisor does not agree that an unsafe condition exists, the fact should be reported to the institution Safety Manager. You will perform work that is only assigned to you. Operating machines or equipment, or performing any operation that has not been specifically assigned, is strictly prohibited and will result in a disciplinary report.

Operating any equipment without using the safety guards provided, or removing the safety guards, is prohibited and will subject you to disciplinary action. The fabrication or repair of personal items on government equipment (except when authorized in the Hobby Shop) is against safety regulations. Do not try to adjust, oil, clean, repair, or perform any maintenance on any machine while it is in motion. Stop the machine first. The use of lockout devices will be required (ask your supervisor).

Hazardous Communication Training will be conducted by the supervisor. Material Safety Data Sheets (MSDS) on hazardous chemicals will be available at the work site for staff and inmates. Do not lift weights at the recreation area until you are authorized by medical staff. Do not operate any motorized machine, equipment, or vehicle prior to obtaining the necessary authorization, i.e., motor vehicle permit, forklift permit. Do not stand up in moving vehicles. Sit on the seats provided and wear your seat belt. Do not attempt to dismount until the vehicle has come to a complete stop.

If you are injured while performing your assigned duties, immediately report such an injury to your work supervisor or a staff member, within a maximum of 48 hours, may disqualify you for eligibility for lost time, wages, or compensation. It is your responsibility to exercise care, cooperation, and common sense in conducting your assigned work. Horseplay on the job will not be tolerated at any time and will result in disciplinary action against you.

If you sustain a work injury, and you believe you will still have some degree of impairment when you are released, you should contact the Safety Manager, not less than 45 days prior to release or transfer to a halfway house, for the purpose of submitting a claim for compensation. All inmate compensation claims must include a medical evaluation before any compensation can be considered.

CLOTHING

Appropriate clothing must always be worn, including during leisure activity and in the living area. Mixing of institution clothing with personal clothing is prohibited, with the exception of sweatshirts, sweat pants, and shorts purchased from the commissary. Underwear must be worn when sleeping. The authorized uniform for inmates is green trousers with green long or short sleeved shirts, white socks and authorized black issued steel-toed shoes/boots. Inmates assigned to base details must wear green shirts and trousers when on duty, except when an institution T-shirt is authorized in place of the green shirt. During winter months, heavier green jackets are authorized after being issued.

Issued belts must be worn at work. Green shirts must be tucked into the trousers and buttoned, except for the top button. When authorized for wear in place of the green shirt, the T-shirt must be tucked into the trousers while on duty. Sleeves on the long-sleeved shirts may be rolled neatly above the wrist or worn all the way down and buttoned. A shirt must be worn in all areas of the institution.

White clothing issued to Food Service workers may not be worn outside of the camp, or for any other purpose other than work performed in Food Service Department. Headgear will be removed inside buildings. Shower shoes may be worn only in the dormitories.

Institution issued clothing items must have a laundry label pressed on them showing the inmate's last name, first name, register number, and laundry number. No alteration of clothing or laundry labels is allowed. Soiled clothes must be deposited in the clothing slots located outside of Laundry.

Institutional issued undershorts, T-shirts, and socks needing replacement will be issued with new items after six months from initial issue. If any of these items are lost or destroyed in less than the time allowing re-issue they will be replaced by used items. This can be done by *Inmate Request to Staff Member (Cop-out)*. A cop-out window will be available in the Laundry to drop off and pick up requests also electronic cop-outs accepted. All six-month issue requests should be submitted on any day during posted hours. The Hours of Operation for the Laundry are 1:30 p.m. – 3:00 p.m.; 4:00 p.m. – 5:00 p.m., Monday through Thursday and 1:30 p.m. – 3:00 p.m. on Friday.

One pair of safety boots will be issued and can be exchanged on a yearly basis, if deemed necessary by the Laundry staff.

Green Uniforms are also exchanged on a yearly basis, if deemed necessary by the Laundry staff.

The following items will be issued to each inmate upon his arrival at this institution and will be recorded on his clothing record. All clothing will be stamped with the inmate's clothing bin number, assigned by the Clothing Room Supervisor. Inmates that enter the institution by way of self-commitment or transfer from another institution that bring in the number of items allowed by this institution supplement will not be issued any items until exchanges are needed. Inmates are not permitted to be in rooms/cubes of any other dorms.

Inspection:

Beds in assigned living areas are to be ready for inspection from 7:30 a.m. 4:00 p.m. each day.

Lights On:

All corridor lights will be turned on at 5:30 a.m. on weekdays (6:00 a.m. for D-Dorm) and after 9:00 a.m. on weekends and holidays.

Lights Off:

All overhead lights in rooms and corridors are to be off at 10:30 p.m.

ROOM ASSIGNMENTS

All room assignments are the responsibility of team Counselors, and all inmates will be placed in a multi-man room or cubicle. Room/cube assignments will be based on available space and medical needs. Seniority (for available bottom bunks) begins the day a person is assigned to FPC Pensacola. Parole violator and RRC (halfway house) failures will start over from the day they return. Those returning from the local hospital will maintain their established seniority. Any inmate who goes to court on writ will pack all of his property and take it to R&D for storage. The Unit Manager reserves the right to move anyone for administrative and/or management reasons. On occasion, inmates with bottom bunks must be moved to upper bunks due to other inmates requiring bottom bunks for medical reasons or other administrative reasons.

MOVING

When moving from one room to another, no furniture is to be moved for any reason. THIS INCLUDES BEDS, LOCKERS, DESK AND CHAIRS. There will be no exceptions to this rule without approval of the Unit Manager. Inmates are not to change bunks, exchange mattresses, or lockers unless authorized by staff. Inmates are authorized one locker only.

INCIDENT REPORTS

Incident reports are written when it is determined by staff that an infraction of the rules and regulations of the institution has been committed.

CUSTODY

This institution has two (2) basic custody levels. Newly admitted inmates are classified as "OUT". Reduction to "COMMUNITY" is a Unit Team decision guided by offense type, behavior and time served in the institution. There are other factors in considering custody level. Inmates should see the Case Manager for further information which will be discussed during team reviews.

ATTORNEY VISIT/TELEPHONE CALLS

Requests should be made in writing to your Unit Counselor via an *Inmate Request to Staff Member* (Cop-out) form so this activity can be scheduled.

CONTRABAND

Any item(s) that an individual has in his possession that has not been issued through proper channels or altered from its original state/purpose is known as contraband. These items are subject to confiscation. Possession of contraband can result in an incident report. Inmates are not allowed to give, borrow, trade, sell or purchase any item or service from another inmate.

TOWN HALL MEETINGS

Town Hall meetings are held on an as needed basis as announced. It is mandatory that all persons attend. Some Town Hall meetings will be broadcast upon notification in the TV rooms.

URINE TESTING

Inmates will receive a urine test upon return from community programs, furloughs, town trips, etc. Selection from the random sample list or suspected illegal activity may also result in the taking of a urine sample.

MISCELLANEOUS

The A&O handbook is for the safe and orderly running of the institution and this Unit. It is no way intended to answer every question or state every program. The Law Library has complete policy statements and you should review them and/or consult with a staff member for further information and clarification.

WORK ASSIGNMENTS AND WORK REPORTS

Upon completion of the orientation period, the Base Lieutenant will assign each inmate to a permanent work detail. Inmates will be assigned to a job primarily based on institutional needs. Among factors considered in determining a specific work assignment are physical condition, education level, previous work experience, general aptitude, ability to benefit from training, and plans for the future.

Reports evaluating work performance will be prepared by the inmate's supervisor quarterly for consideration of performance pay and participation in community activities. Unsatisfactory work reports may result in restriction from community programs. Some of the jobs available are:

<u>Food Service:</u>	Cooks, Bakers, Vegetable/Salad Preparers and Servers, Orderlies, and Dishwasher Operators.
<u>Facilities:</u>	Electricians, Roofers, Plumbers, Cement Finishers, Masons, Mechanics, Welders, Painters, Carpenters, Motor Repairmen, Laborers, and Clerks, HVAC.
<u>Business Office:</u>	Clerks, Warehousemen, and Orderlies.
<u>Health Services:</u>	Orderlies, Clerks, and Town Drivers

Off Base Details:

Reports which evaluate your work performance will be prepared by your supervisor quarterly. These performance reports are also used to help determine your eligibility for participation in community activities (i.e., furloughs). Unsatisfactory work reports may result in restriction from community programs.

COUNT PROCEDURES

Count is taken daily Monday thru Friday 12:00 a.m., 2:00 a.m., 4:30 a.m., 4:00 p.m., and 9:00 p.m. In addition, count is taken on weekends and holidays at 10:00 a.m.

No movement is allowed out of the rooms or cubes until the red count light is turned off. *Inmates must stand beside their beds for the daily 4:00 p.m., 9:00 p.m. and the weekend /holiday counts at 10:00 a.m. During these two count times, inmates may move around inside the dorm when the light is extinguished, but must not leave the building until their specific dorm is released via the intercom.*

At dusk, the walking/jogging track, softball and football/soccer fields are closed to all inmates and are out of bounds until after full daylight the following morning.

INMATE ACCOUNTABILITY

During the hours of 7:30 a.m. – 4:00 p.m., Monday thru Friday, census checks will be conducted at 8:30 a.m. and 12:30 p.m. Additionally, inmates are required to make periodic checks with their supervisor. The only exception is movement to or from the Unit or detail to go to Food Services for meals or call outs. Inmates are not allowed to be in the dormitories during their work hours unless their specific job calls for them to be working there (such as a painter painting walls, an electrician working on wiring, etc.). Bathrooms are provided on the outside of the library area and inside the warehouse hanger for all outside details. Inmates may not come back to get things from lockers, or put things into them, to watch TV, or for any reason without expressed permission from the detail supervisor.

TELEVISION / RECREATION RULES

All televisions are silenced. Staff may close any television room whenever they perceive that the occupants of the room have become too loud and boisterous and have become unmanageable.

All inmates are expected to pick up after themselves in all common areas of the dorms. No seats are saved in the absence of an inmate. Empty (reserved) chairs may not be left in the room taking up space.

INMATE DRESS CODE

All inmates will be dressed decently any time they are anywhere but the showers. Inmates will wear shirts and a minimum of sports shorts when inside the dormitories. Inmates departing the dorms will be fully dressed in their uniforms or appropriate sweat suit gear. There are pictures on the bulletin boards depicting proper wear of the uniform.

Issued belts must be worn at work. Green shirts must be tucked into the trousers and buttoned, except for the top button. When authorized for wear in place of the green shirt, the T-shirt must be tucked into the trousers while on duty. Sleeves on the long-sleeved shirts may be rolled neatly above the wrist or worn all the way down and buttoned. A shirt must be worn in all areas of the institution.

It is expected for all inmates at this institution to adhere to the dress code. This will be strictly enforced Monday through Friday. Although T-shirts may be authorized on the compound and military work sites by the supervisor while working, i.e., cutting grass, or other labor-intensive job assignments, the T-shirt

will be tucked inside of the trousers. The issued green shirt is required in all other circumstances. Inmates off duty between 7:30 a.m. and 4:00 p.m. may wear personal clothing from the dorm to Recreation only. During visitation, proper attire will be the green long or short sleeved shirt, green trousers, and institution work boots or tennis shoes.

If you need additional guidance, please speak with your detail supervisor.

RELIGIOUS SERVICE DEPARTMENT

The Religious Service Department's mission is to provide pastoral care that assists with spiritual growth, character development, and preparation for reentry back into society. In order to achieve this mission, numerous local volunteers come into the institution to teach classes, lead worship services, and provide counseling.

In addition to a very comprehensive schedule of programming, the department has a very large collection of religious DVDs, as well as CDs in a separate audio/video room. There are multiple stations for viewing and listening. There is also a separate book library complete with reading materials for all religions represented on our compound.

An outdoor worship area is also a part of the Religious Services Department. This area is located next to the Education Building. It is intended for the worship services of nature-based religions.

INMATE DISCIPLINE

Inmates must have respect for the rights and property of others. Rules, regulations, and policies are made to maintain a healthy and peaceful climate and to ensure an orderly operation of this facility. Certain privileges are granted to eligible inmates provided the privileges are not abused. Violation of regulations may result in an Incident Report (BP 288) and imposition of sanctions, as outlined later in this handbook. In the event of misconduct, an incident report may be written by staff. Reports are first investigated by the lieutenant on duty and the results forwarded to your Unit Team. The team meets as the Unit Disciplinary Committee (UDC) and may impose limited sanctions for most misconduct; for example, taking of privileges, removal from preferred quarters, job change, assigning extra duty, etc.

For minor prohibited acts, staff may suspend disciplinary proceedings for a period of time not to exceed two weeks, while informal resolution is attempted. If informal resolution is unsuccessful, staff may reinstate disciplinary proceedings at the same stage they were suspended. The time requirements then begin again, at the same point in which they were suspended.

If charges are more serious, the case may be referred to the Discipline Hearing Officer (DHO) who can impose more serious sanctions among which include: disallowance of good conduct time or forfeiture of good time. Additionally, it should also be noted that at any stage of the disciplinary process, policy provides referrals to other outside law enforcement agencies (i.e., FBI, DEA, ATF, etc.) for further investigation and/or prosecution of any criminal activity, if warranted. The internal disciplinary system is outlined in detail in Program Statement 5270.09, Inmate Discipline Program, which is available in the Law Library.

INVESTIGATING OFFICER

The term Investigating Officer refers to an employee of supervisory level who conducts the investigation concerning alleged charge(s) of inmate misconduct.

The Investigating Officer may not be the employee reporting the incident, or one who was involved in the incident in question. The Investigating Officer is ordinarily a Lieutenant, but the Warden at each institution may appoint another staff member to perform this function.

UNIT DISCIPLINE COMMITTEE (UDC)

The term Unit Discipline Committee (UDC) refers to one or more institution staff members delegated by the Warden the authority and duty to hold an initial hearing upon completion of the investigation concerning alleged charge(s) of inmate misconduct. The Warden shall authorize these staff members to impose minor sanctions (G through P) for violation of prohibited act(s).

In institutions with Unit Management, the authority to hold initial hearings (UDC) and impose sanctions is ordinarily delegated to the staff members of the inmate's Unit Team. Wardens shall delegate two or more staff members the authority to hold initial hearings and impose minor sanctions. In emergency situations, the Warden may delegate one staff member the authority to hold initial hearings and impose minor sanctions.

DISCIPLINE HEARING OFFICER (DHO)

This term refers to a one person, independent, discipline-hearing officer who is responsible for conducting Institution Discipline Hearings and who imposes appropriate sanctions for incidents of inmate misconduct referred for disposition following the hearing, as required the UDC.

TIME LIMITS IN DISCIPLINARY PROCESS

1. Staff becomes aware of inmate's involvement in incident.
 - Ordinarily maximum of 24 hours
2. Staff gives inmate notice of charges by delivering Incident Report.
 - Maximum ordinarily of 5 work days from the time staff became aware of the inmate's involvement in the incident. (Excludes the day staff becomes aware of the inmate's involvement, weekends, and holidays.)
3. Initial hearing (UDC)
 - Minimum of 24 hours (unless waived)
4. Discipline Hearing Officer (DHO) Hearing
 - At DHO's discretion

*** NOTE:** *These time limits are subject to exceptions as provided in the rules. Staff may suspend disciplinary proceedings for a period not to exceed two calendar weeks while informal resolution is undertaken and accomplished. If informal resolution is unsuccessful, staff may reinstitute disciplinary proceedings at the same stage at which suspended.*

The requirements then begin running again, at the same point at which they were suspended.

TABLE 4 - SANCTIONS

I. Sanctions of the Discipline Hearing Officer:

(Upon finding the inmate committed the prohibited act)

A. Recommend Parole Date Rescission or Retardation.

The DHO may make recommendations to the U.S. Parole Commission for retardation or rescission of parole grants. This may require holding fact-findings hearings upon request of or for the use of the Commission.

B. Forfeit Earned Statutory Good Time, Non-vested Good Conduct Time, and/or Terminate or Disallow Extra Good Time.

The statutory good time available for forfeiture is limited to an amount computed by multiplying the number of months served at the time of the offense for which forfeiture action is taken, by the applicable monthly rate specified in 18 U.S.C. § 4161 (less any previous forfeiture or withholding outstanding). The amount of good conduct time (GCT) available for forfeiture is limited to the total number of days in the "non-vested" status at the time of the misconduct (less any previous forfeiture). A forfeiture of good conduct time sanction may not be suspended. Disallowance of extra good time is limited to the extra good time for the calendar month in which the violation occurs. It may not be withheld or restored. The sanction of termination or disallowance of extra good time may not be suspended. Forfeited good conduct time will not be restored. Authority to restore forfeited statutory good time is delegated to the Warden. This decision may not be delegated lower than the Associate Warden level. Limitations on this sanction and eligibility for restoration are based on the severity scale.

See Page 19 of this Chapter for limitations on this sanction and for eligibility for restoration.

Good time (statutory and good conduct time) percentages may be combined when separate acts or offenses occur on the same day and are heard by the DHO at the same time. For example,

when an inmate is charged, and found to have committed, both a 200 and 300-Code violation by the same sitting DHO, that DHO may forfeit 75% of the inmate's good time (50% for the 200-code violation, 25% for the 300 Code violation). Good time may not be forfeited (because it is not earned) for an inmate solely in service of a civil contempt. See the Sentence Computation Manual (Old Law, Pre-CCCA-1984) for a discussion of termination or disallowance of extra good time.

An application for restoration of good time is to go from the inmate's Unit Team, through both the DHO and Captain for comments, to the Warden or his or her delegated representative for final decision.

This sanction B does not apply to inmates committed under the provisions of the Comprehensive Crime Control Act for crimes committed on or after November 1, 1987 and prior to passage of the Violent Crime Control and Law Enforcement Act of 1994 (September 23, 1994). For those inmates, the applicable sanction is B.1.

B.1 Disallowance of Good Conduct Time. An inmate sentenced under the Sentencing Reform Act provisions of the Comprehensive Crime Control Act (includes the inmate who committed his or her crime on or after November 1, 1987) may not receive statutory good time, but is eligible to receive 54 days good conduct time credit each year (18 U.S.C. § 3624(b)). Once awarded, the credit is vested, and may not be disallowed. However, for crimes committed on or after September 13, 1994 and prior to April 26, 1996, credit toward an inmate's service of sentence shall not be vested unless the inmate has earned or is making satisfactory progress toward a high school diploma or an equivalent degree, or has been exempted from participation because of a learning disability. For crimes committed on or after April 26, 1996, credit toward an inmate's service of sentence shall vest on the date the inmate is released from custody. Once disallowed, the credit may not be restored, except by immediate review or appeal action as indicated below. Prior to this award being made, the credit may be disallowed for an inmate found to have committed a prohibited act. A sanction of disallowance of good conduct time may not be suspended.

Only the DHO can take action to disallow good conduct time. The DHO shall consider the severity of the prohibited act and the suggested disallowance guidelines in making a determination to disallow good conduct time. A decision to go above the guideline range is warranted for a greatly aggravated offense or where there is a repetitive violation of the same prohibited act that occurs within a relatively short time frame (e.g., within 18 months for the same greatest severity prohibited act, within 12 months for the same high severity prohibited act, and within 6 months for the same moderate severity prohibited act). A decision to go below the guidelines is warranted for strong mitigating factors. Any decision outside the suggested disallowance guidelines is to be documented and justified in the DHO report.

VCCLEA inmates rated as violent and PLRA inmates will ordinarily be disallowed good conduct time for each prohibited act they are found to have committed at a DHO hearing, consistent with the following;

1. **Greatest Category Offenses.** A minimum of 40 days (or, if less than 54 days are available for the prorated period, a minimum of 75% of available good time conduct) for each act committed.
2. **High Category Offenses.** A minimum of 27 days (or, if less than 54 days are available for the prorated period, a minimum of 50% of available good conduct time) for each act committed.

3. Moderate Category Offenses. A minimum of 13 days (or, if less than 54 days are available for the prorated period, a minimum of 25% of available good conduct time) for each act committed if the inmate has committed two or more moderate category offenses during the current anniversary period.
4. Low Moderate Category Offenses. A minimum of 6 days (or, if less than 54 days are available for the prorated period, a minimum of 12.5% of available good conduct time) for each act committed if the inmate has committed three or more moderate category offenses during the current anniversary period.

INMATE VOTING RIGHTS

On March 7, 2021 an executive order on Promoting Access to Voting was issued. As a result, voter registration is eligible for certain individuals in federal custody. At this time, only the District of Columbia, Maine, Vermont, and Puerto Rico allow incarcerated individuals to vote.

- 1) Materials are provided to notify individuals releasing from federal custody of any restrictions on their ability to vote under the laws of the state in which they plan to reside and if restrictions do exist, the individual's rights may be restored under applicable State law.
- 2) All voters must possess some form of identification in order to vote. Therefore, obtaining a valid identification is extremely important. Any valid identification you have at home, can be mailed to your Unit team, and placed in your central file.
- 3) Below is state specific material for DC, Maine, Vermont, and Puerto Rico.
 - a. In DC, you must have a proper proof of residence (address must match the address listed on the voter application). Those in a federal facility may use your DC home address. If you do not currently have an address in DC (i.e., no family currently residing there), but are still returning to DC upon release, use your last known address. DC passed the Restore the Vote Amendment Act on April 27, 2021, which allows DC's incarcerated citizens to vote. Those from DC who wish to vote in DC (local) and/or national elections must properly register to vote with the DC Board of Elections. If you were registered to vote before the beginning of your sentence and prior to the passage of this Act, you will need to complete a new voter registration application, because you were automatically removed from DC's list of eligible voters after sentencing. You **MUST** include your register number as part of your current mailing address. Once registered, you will receive an absentee ballot for all DC and national elections. You will not need to request an absentee ballot. Lastly, an added benefit of registering to vote is that you will receive a voter registration card. The card can be used as a secondary form of ID on employment verification forms and possibly in other circumstances.
 - b. In Maine, you must have an established residence. Residence for the purpose of elections refers to "that place where the person has established a fixed and principal home to which the person, whenever temporary absent, intends to return." In other words, you must intend to return to that address and you will need to attest to that on the forms.
 - c. In Vermont, inmates vote by absentee ballot by using their last known address in Vermont.
 - d. In Puerto Rico, if you lived there at the time of your sentence, you may register and vote in Puerto Rico during your incarceration. Absentee voting must be requested for each vote by request of the Elector, on or before 45 days prior to the day of voting at the polling stations. A

voter confined in a penal institution has the right to vote through the early voting procedure. An early vote must be requested for each vote by request of the voter, on or before 50 days prior to the day of voting at the polling stations.

- The BOP received voting materials for DC, Maine, Vermont and Puerto Rico their registration and absentee voting material have been posted onto TRULINCS.
- Prior to release or transfer to community placement you will receive additional information. This may occur through a variety of reentry focused experiences and formats, including but not limited to the Release Orientation Program (ROP), and/or individual or group counseling. Similarly, the delivery of this information may be done by Bureau staff, volunteers or other relevant community stakeholders with specific knowledge in voter rights.

INCOMING AND OUTGOING VOTER MAIL

Incoming mail from a Board of Election labeled "Official Election Mail," "Official Election Ballot," "Ballot Enclosed," or similar language indicating the contents of the envelope include an election ballot will be treated as legal mail and inmates will sign for the mail. Only incoming ballots will be treated as legal mail, other types of informational mail are considered general correspondence.

All outgoing inmate mail addressed to a Board of Election will be treated as legal mail.

RESTORATION OF VOTER RIGHTS

It has been a common practice within the United States to make felons ineligible to vote, and in some cases permanently. Over the past few decades, the general trend has been to reinstate the right to vote at some point, although this is a state-by-state policy choice. Below is a summary.

- In the District of Columbia, Maine and Vermont, felons never lose their right to vote, even while they are incarcerated.
- In 18 states, felons lose their voting rights only while incarcerated and receive automatic restoration upon release.
- In 19 states, felons lose their voting rights during incarceration, and for a period of time after, typically while on parole and/or probation. Voting rights are automatically restored after this time period. Former felons may also have to pay any outstanding fines, fees or restitution before their rights are restored as well.
- In 11 states, felons lose their voting rights indefinitely for some crimes, or require a governor's pardon in order for voting rights to be restored; face an additional waiting period after completion of sentence (including parole and probation), or require additional action before voting rights can be restored

Sexually Abusive Behavior, Prevention, Intervention, and How to Report

YOU HAVE THE RIGHT TO BE SAFE FROM SEXUALLY ABUSIVE BEHAVIOR.

The Federal Bureau of Prisons has a zero tolerance policy against sexual abuse and sexual harassment. While you are incarcerated, **no one has the right to pressure you to engage in sexual acts.**

You do not have to tolerate sexually abusive/ harassing behavior or pressure to engage in unwanted sexual behavior from another inmate or a staff member. Regardless of your age, size, race, ethnicity, gender or sexual orientation, you have the right to be safe from sexually abusive behavior.

WHAT CAN YOU DO IF YOU ARE AFRAID OR FEEL THREATENED?

If you are afraid or feel you are being threatened or pressured to engage in sexual behaviors, you should discuss your concerns with staff. Because this can be a difficult topic to discuss, some staff, like psychologists, are specially trained to help you deal with problems in this area.

If you feel immediately threatened, approach any staff member and ask for assistance. It is part of his/her job to ensure your safety. If it is a staff member that is threatening you, report your concerns immediately to another staff member that you trust, or follow the procedures for making a confidential report.

WHAT CAN YOU DO IF YOU ARE SEXUALLY ASSAULTED?

If you become a victim of a sexually abusive behavior, **you should report it immediately to staff** who will offer you protection from the assailant. You do not have to name the inmate(s) or staff assailant(s) in order to receive assistance, but specific information may make it easier for staff to know how best to respond. You will continue to receive protection from the assailant, whether or not you have identified him or her (or agree to testify against him/her).

After reporting any sexual assault, you will be referred immediately for a medical examination and clinical assessment. Even though you may want to clean up after the assault, **we recommend that you see medical staff BEFORE you shower, wash, drink, eat, change clothing, or use the bathroom because evidence can be lost.** Medical staff will examine you for injuries which may or may not be readily apparent to you. They can also check you for sexually transmitted diseases, pregnancy, if appropriate, and gather any physical evidence of assault. The individuals who sexually abuse or assault inmates can only be disciplined and/or prosecuted if the abuse is reported. **Regardless of whether your assailant is an inmate or a staff member, it is important to understand that you will never be disciplined or prosecuted for being the victim of a sexual assault.**

HOW DO YOU REPORT AN INCIDENT OF SEXUALLY ABUSIVE BEHAVIOR?

It is important that you **tell a staff member if you have been sexually assaulted** or have been a victim of sexual harassment. It is equally important to inform staff if you have witnessed sexually abusive behavior. You can tell your case manager, Chaplain, Psychologist, SIS, the Warden or any other staff member you trust. BOP staff members are instructed to keep reported information confidential and only discuss it with the appropriate officials on a need-to-know basis concerning the inmate-victim's welfare and for law enforcement or investigative purposes. There are other means to confidentially report sexually abusive behavior if you are not comfortable talking with staff.

- **Write directly to the Warden, Regional Director or Director.** You can send the Warden an Inmate Request to Staff Member (Cop-out) or a letter reporting the sexually abusive behavior.

You may also send a letter to the Regional Director or Director of the Bureau of Prisons. To ensure confidentiality, use special mail procedures.

- **File an Administrative Remedy.** You can file a Request for Administrative Remedy (BP-9). If you determine your complaint is too sensitive to file with the Warden, you have the opportunity to file your administrative remedy directly with the Regional Director (BP-10). You can get the forms from your counselor or other unit staff.
- **Write the Office of the Inspector General (OIG)** which investigates certain allegations of staff misconduct by employees of the U.S. Department of Justice; all other sexual abuse/harassment allegations will be forwarded by the OIG to the BOP. OIG is a component of the Department of Justice and is not a part of the Bureau of Prisons. You may request to remain anonymous to the BOP. The address is:

**Office of the Inspector General
U.S. Department of Justice
Investigations Division
950 Pennsylvania Avenue,
N.W. Room 4706
Washington, D.C. 20530**

Email OIG. You can send an email directly to OIG by clicking on the TRULINCS Request to Staff tab and selecting the Department Mailbox titled, DOJ Sexual Abuse Reporting. This method of reporting is processed by OIG during normal business hours, Monday – Friday. It is not a 24-hour hotline. For immediate assistance, contact institution staff.

Note: These emails:

- are untraceable at the local institution,
- are forwarded directly to OIG
- will not be saved in your email ‘Sent’ list
- do not allow for a reply from OIG,
- If you want to remain anonymous to the BOP, you must request it in the email to OIG.

Third-party Reporting. Anyone can report such abuse on your behalf by accessing the BOP’s public website, specifically https://www.bop.gov/inmates/custody_and_care/sexual_abuse_prevention.jsp

UNDERSTANDING THE INVESTIGATIVE PROCESS

Once the sexually abusive behavior is reported, the BOP and/or other appropriate law enforcement agencies will conduct an investigation. The purpose of the investigation is to determine the nature and scope of the abusive behavior. You may be asked to give a statement during the investigation. If criminal charges are brought, you may be asked to testify during the criminal proceedings.

COUNSELING PROGRAMS FOR VICTIMS OF SEXUALLY ABUSIVE BEHAVIOR

Most people need help to recover from the emotional effects of sexually abusive behavior. If you are the victim of sexually abusive behavior, whether recent or in the past, you may seek counseling and/or advice from a psychologist or chaplain. Crisis counseling, coping skills, suicide prevention, mental health counseling, and spiritual counseling are all available to you.

You may also contact your local Rape Crisis Center (RCC). Rape Crisis Centers are community-based organizations that help victims of sexual violence. Your institution may have a Memo of Understanding (MOU) with a local RCC. If so, Psychology Services can provide you with the contact information. If no MOU exists, you may seek services through Psychology Services.

Your Local Rape Crisis Center's Information is:

Center's Name: Lakeview Center
Contact Information: (850) 433-7273

Management Program for Inmate Assailants

Anyone who sexually abuses/assaults/harasses others while in the custody of the BOP will be disciplined and prosecuted to the fullest extent of the law. If you are an inmate assailant, you will be referred to Correctional Services for monitoring. You will be referred to Psychology Services for an assessment of risk and treatment and management needs. Treatment compliance or refusal will be documented and decisions regarding your conditions of confinement and release may be effected. If you feel that you need help to keep from engaging in sexually abusive behaviors, psychological services are available.
