4. PREPARATION OF THE VISITING LIST:

a. Upon admission to the United States Penitentiary (USP), Federal Correctional Institution (FCI), or Satellite Prison Camp (SPC) in Tucson, Arizona, each inmate will be provided a Visitor Information Questionnaire (BPS-629.052) and Visitor Information Handout (attachment A), to be completed and returned to the Unit Counselor for final approval. The inmate will be required to mail the Visitor Information Questionnaire to the proposed visitors, unless otherwise indigent. The Unit Counselor will forward the Visitor Information Sheet with a signed release authorization form at government expense for any inmate found to be indigent, according to Program Statement 2000.02, Accounting Management Manual. The Visitor Information Sheet, a signed release authorization form and a valid photo I.D. must be returned to the Unit Counselor by the proposed visitor prior to any further action concerning the visit. The signature of the parent or Legal Guardian on the BPS-629 "Visitor Information" is necessary to process a request for an applicant under 18 years of age. Upon receipt of the completed authorization form, the Unit Counselor will initiate a National Crime Information Center (NCIC) inquiry. If the NCIC reveals a questionable conviction by a proposed visitor, Attachment B should be utilized for administrative review. The appropriate Unit Manager will be the normal review authority; however, the Warden will be the review authority for former federal inmates. NCIC inquiries which result in denial of visitation will be retained in the Freedom of Information (FOI) section of the inmate's Central File with the Visitor's Information Sheet. It is the inmate's responsibility to notify the visitors of their approval/disapproval, and to advise the visitors of visiting guidelines.

b. The Unit Team members will be responsible for placing a visitor on an inmate's approved visiting list, and a hard copy of the visiting list will be placed in the inmate's Central File. The Unit Counselor will notify the inmate of those visitors who have been approved.

Staff may request background information from potential visitors who are not members of the inmate's immediate family, before placing them on the inmate's approved visiting list. When little or no information is available on the inmate's potential visitor, visiting may be denied, pending receipt and review of necessary information, including information which is available about the inmate and/or the inmate's offense, including alleged offenses. Each proposed visitor with a prior criminal conviction will be reviewed by the Unit Manager, who will forward a recommendation to the Warden for final decision in granting visiting privileges. The Captain will be notified by the Unit Manager in writing, of all such cases which are proposed. The proposed visitor will be denied should it be determined the inmate did not know the proposed visitor prior to incarceration. The Unit Manager will review all such cases. Exceptions to this rule may be considered by the Unit Manager and forwarded to the Warden for approval.

A maximum total of thirty (30) visitors authorized on the inmate's visiting list. No more than ten (10) of the maximum total will consist of friends and associates.

Visiting Regulations have been incorporated into the Admission and Orientation Handbook. The handbook is provided to all inmates during intake screening.

c. The Unit Counselor will periodically review the visiting list to ensure it is accurate. The list may be amended by the inmate's submission of an Inmate Request to Staff Member form or during his unit Team Review, indicating the desired change.

d. Inmates may only request changes to their Visiting List once per a three-month period. Only the Unit Manager has the authority to authorize additional changes on a case by case basis.

5. REGULAR VISITORS

a. Members of the Immediate Family. This category includes mother, father, step-parents, foster parents, brothers, sisters, spouse, and children. These individuals are to be placed on the visiting list if identified in the inmate's Pre-Sentence Investigation (PSI). This can occur prior to background investigation (NCIC) being conducted on the visitor, however; the NCIC must be conducted to determine if there is a solid rationale for precluding visiting. If there is a solid rationale against visiting, visitation may be precluded. Visitors ages 16 or 17 must have written permission from a parent, legal guardian, or immediate family member over the age of 18-years on file if they are not accompanied by an individual satisfying those criteria prior to being admitted to visiting.

b. Children Under Sixteen. Children under the age of 16 may not visit unless accompanied by a responsible adult. Children shall be kept under supervision of a responsible adult or a children's program.

c. Other Relatives. This includes grandparents, uncles, aunts, in-laws, and cousins. They can be placed on the approved visitation list if the inmate requests to have visits from them regularly and if there is no reason to exclude them. They are required to complete a Visitor Information Form and receive a completed NCIC check. (NCIC must be completed prior to placement).

d. Friends and Associates. Visiting privileges shall ordinarily be extended to friends and associates having an established relationship prior to confinement, unless such visits could reasonably create a threat to the security and good order of the institution. These individuals may be placed on the visiting list upon completion of an NCIC check. The Warden must approve any exception to this requirement.

6. SPECIAL VISITS REQUIREMENTS. Unit Team staff are responsible for arranging and supervising special visits. Inmates must submit a special visit request to their Unit Team at least two weeks in advance of the visiting date. Visits from persons not on the approved list must be approved by the Warden.

Upon approval, the Unit Manager will notify, in writing, the Captain, Operations Lieutenant, Control Center, Front Entrance Staff, and Visiting Room Staff of the special visit.

7. MINISTER OF RECORD VISITATION. Each inmate will have the opportunity to designate a Minister of Record by submitting a written request to a Chaplain with the name, address and telephone number of this spiritual leader, clergy person or official representative of the inmate's religion of record. The requested Minister of Record must submit to the Chaplain a letter outlining his or her history with the inmate and stating his or her willingness to serve as the inmate's Minister of Record. A Minister of Record's credentials will be verified and a security check (NCIC) will be processed by the Religious Services department. The Chaplain will then request that the inmate's unit staff place the identified clergy person on the inmate's visiting list as the Minister of Record. An inmate may only have one Minister of Record at a time. The Minister of Record will not count against the total number of authorized social visitors an inmate is allowed to have on his visiting list. A visit by the Minister of Record will not be counted as a social visit.

8. NON-CONTACT VISITING. If not sanctioned by the DHO, only the Warden, acting Warden may authorize an inmate visit in the non-contact visiting area. Inmates assigned to the Special Housing Unit (SHU), who are authorized to visit, will have non-contact visits.

Examples of other inmates who may be required to have non contact visiting are as follows: inmates who pose a threat to the security of the institution, i.e., introduction of contraband and possibly those inmates who may be allowed a special visit as a one-time option upon losing visiting privileges for an extensive amount of time.

When non-contact visiting is deemed appropriate, non-contact visits will be limited to the duration of two (2) hours. No more than (2) visitors will be allowed to visit each inmate.

A notation will be placed in the visiting program by the Unit Team indicating the inmate has been approved for non-contact

visit. Upon arrival, the visitor will again be notified by the lobby officer of the visiting restriction and will go through the normal channel of security. All rules of conduct will apply, and any early termination of the visit will be made by the Operations Lieutenant and/or the Institution Duty Officer (IDO)

9. CLERGY VISITS REQUIREMENTS. Visits from clergy (other than the Minister of Record) will be in accordance with the general visitor procedures and will count against the total number of regular visits allowed. Ordinarily, clergy visits will not be accommodated unless requested by the inmate through the Chaplain. However, the Chaplain may approve a visitation request initiated by the clergy if the inmate wishes to visit with the clergy.

After a review of the minister's credentials and appropriate security checks, the visit will be scheduled in the visiting room during regular visiting hours and follow all procedures outlined in the visiting policies. A reasonable amount of time will be required to process the request before a decision is made to allow the visit to take place. Normally, no more than one clergy visit will be allowed each month. Additional clergy visits may be authorized if determined necessary by the Chaplain.

10. PROFESSIONAL VISITS (LAW ENFORCEMENT) REQUIREMENTS. Requested visitation from a law enforcement agency, will be approved and arranged by the Special Investigative Supervisor/Special Investigative Agent (SIS/SIA) or Captain. United States Probation Officers (USPO) and mental health professionals performing court-ordered examinations will receive priority when processing. This visitation will be approved and arranged through the inmate's Unit Team.

All visits will be arranged during normal business hours. If approved, a memorandum authorizing the visit will be distributed to the Lieutenants' Office, Control Center, Lobby Officer, and Visiting Room. Officials are required to sign the appropriate log book documenting the official visit.

11. ATTORNEY VISITATION REQUIREMENTS. Attorney (U.S. Attorneys and Public Defenders), paralegal, or private investigator

visits, representing a designated (A-DES) inmate client, will be arranged and approved through Unit Team. Requests should be called or mailed, at least twenty-four (24) hours prior to the proposed visit. Unit Team will be responsible for visually monitoring the visit. With prior Unit Team approval, inmates may be allowed to bring legal material into the Visiting Room for a legal visit only. This material will be inspected by the Visiting Room Officer for contraband. Attorney visits, for both pretrial and sentenced inmates, are to take place in the designated attorney visiting rooms. If a room is not available, the attorney visit may occur in the regular visiting room, provided the inmate and the inmate's attorney have separation from other visitors. Under no circumstances will the Visiting Room staff accept articles or gifts of any kind for an inmate, except packages which have prior written approval by the Warden or his/her designee. The decision for a limitation or denial of Attorney visits will only be made by the Warden for serious threats to the security, good order, or discipline of the institution (excluding dress code issues). The Front Lobby Officer and the Operations Lieutenant must contact the FCI Associate Warden prior to turning any attorney away, for any reason. The Front Lobby/Visiting Room Officer will contact the Operations Lieutenant on shift regarding any failed attempts or "inappropriate apparel". The Operations Lieutenant will immediately report to the Front Lobby to supervise and assess the situation. If the Operations Lieutenant deems the attorney unfit to enter the institution, they will immediately contact the FCI Associate Warden for further direction. If the attempt to contact the Associate Warden is unsuccessful, the Operations Lieutenant will immediately attempt to contact the FCI Warden for further direction. Staff will address any concerns through their chain of command and the legal visitors will not be advised, warned, or approached directly. For security purposes legal visitors will not be processed before 8:15 a.m. or after 2:00 p.m. on weekends and holidays.

All visits will be subject to the general visiting policy of the hospital. An approved visiting list will be forwarded by the inmate's Unit Team, through the Captain, and will be maintained by the hospital officer(s).

c. Special Housing Unit (SHU). The Operations Lieutenant and Special Housing Unit Lieutenant at the USP will be notified when an inmate in the Special Housing Unit has a visit. Generally, an inmate retains visiting privileges while in administrative detention or disciplinary segregation. However; visiting may be restricted or disallowed when an inmate (while in administrative detention or disciplinary segregation) is charged with or was found guilty of a prohibited act related to visiting guidelines, or has acted in any manner that would reasonably indicate a threat to security or order in the visiting room. Each case will

be handled on an individual basis. Special Housing inmates at the USP will be limited to one day a week for two hours. Visiting for SHU inmates at the USP are the same days as general population inmates in a secured non-contact visiting room.

[Special Housing Unit inmates will be escorted to the USP non-contact visiting room. Once an inmate is placed in the USP non-contact visiting room, the restraints will be removed. At the completion of the visit, the restraints will be re-applied prior to the opening of the cell door.]

d. Admission and Holdover Status. The Warden may limit visitation to the immediate family of the inmate during the admission/orientation period or for holdovers where the holdover status is significantly longer than expected. A visiting list from a former institution will be referenced prior to visitation approval. Time frame for approval for visiting list for holdover inmates is fifteen working days.

Once the visiting room capacity of USP: 196, FCI: 125, and SPC: 100, has been reached, termination of visits will begin. The visits will be terminated based on the distance a visitor has driven and the length of time the visitor has been in the visiting room. However, this excludes Yucca and Cholla inmates for legal visits.

The Institution Duty Officer (IDO) or in their absence, the Operations Lieutenant, will make the determination as to which visits will be terminated. This will be documented in the Lieutenants' Log and will be supported by a memorandum to the Captain and noted in the (IDO) weekly report.

18. VISITORS ENTERING THE INSTITUTION

a. All visitors 16 years of age and older, with the exception of federal, state and local law enforcement officials, members of Congress, and the Judiciary, will be required to complete a Notification of Visitor Form. All areas of the form will be

completed. All visitors entering the institution will pass through the metal detection device. If legal visitors do not clear the walk-in metal detector a hand held metal detector maybe used. A medical note maybe presented by the visitor for consideration.

b. Visitors will also sign in on the Visitor's Log Book and sign out when they conclude the visit. If a visitor has to leave the approved visiting area for any reason, the visit will be terminated.

c. Staff must be able to verify the identity of visitors (over the age of 15) prior to admission into the institution. A birth certificate is an acceptable form of identification for young adults from the ages of 16-18. The signature of a parent or legal guardian on the Visitor Information form (BP-A0629) is necessary to process a request for an applicant under 18 years of age. Ordinarily, completing the questionnaire portion of this form (items 1 through 14) is not required if such an applicant is a verified immediate family member of the requesting inmate.

Each visitor aged 18 and above, including legal visitors, must present a valid government issued photo identification (e.g., driver's license, military ID, passport (to include unexpired foreign passports), tribal ID from Federally recognized Indian tribes (www.usa.gov/tribes), state or local identification card). d. Approved Dress Code - Visiting Attire. Visiting is an extremely important family function, and dress code requirements are necessary to maintain the dignity of those involved. All visitors will be properly dressed when coming to visit the institution. The attire worn must be business appropriate (i.e. conservative and professional). Inmates will inform visitors, prior to visiting, that clothing MUST be appropriate for a correctional setting and should not demonstrate disrespect to

others who may be present in the visiting room. In addition, visitors are prohibited against wearing camouflage clothing, plain T-shirts, khaki, orange or green colored clothing, hospital scrubs, shorts or Capri style pants, bib overalls, officer uniforms (patches in similarity to Bureau of Prisons insignia). If the visitor chooses to wear a dress, the length of the dress will not be shorter than the natural break of the wearers' leg, at the back of the knee. This requirement includes any type of slit or cut in the dress whether the slit is in the front, back or side. Sundresses, overcoats and excessive jewelry are not permitted. With the exception of religious headgear, hats, bandanas and/or scarfs will not be worn during visits. Wrist watches/timepieces/electronic sports bands of any sort are not authorized. The front lobby officer will contact the Operations Lieutenant if a final determination is needed. Excessively provocative or scantily clad attire is reason to deny and/or preclude visiting. Shorts will not be permitted unless on a child under the age of twelve (12).

These items include, garter belts, clothing with costume jewelry, large metal buttons, etc.

Letters: The Visiting Room Officer will be aware of all articles passed between the inmate and attorney visitor. If there is any reasonable basis to suspect materials being passed may adversely affect the security of the institution, or constitute a violation of the law or regulations, the officer should examine

the item. The Operations Lieutenant and/or SIS Office will be consulted in questionable cases.

All items will be subject to search at any time by the Visiting Room Staff.

f. Large vehicles (e.g. campers, mobile recreational vehicles, tractor trailers) are prohibited from being parked in the institution parking lot at any time without prior written approval from the Warden and/or designee. Violators may be subject to towing, at the owner's expense.

g. Staff may require a visitor to submit to a personal search. All searches will be conducted using the guidelines set forth in Program Statement 5510.15, Searching, Detaining or Arresting Visitors to Bureau Grounds and Facilities. This includes any items of personal property as a condition of allowing or continuing a visit. Items of personal property may be required to be returned to the visitor's vehicle prior to entering the institution. All vehicle keys will be secured in a lock box located and operated by the Front Lobby Officer. A numbered chit will be issued to the visitor. The visitor will be responsible for maintaining constant possession of the numbered chit. If a visitor was dropped off and does not have a vehicle, items not permitted into the visiting room will be disposed of, or visitation will be denied. Refusal to allow staff to search the items will result in the visit being denied. Visitors will be allowed to wear religious headgear, only after it has been searched.

h. Lockers. Metal lockers are provided for visitor storage. All coats, hats, jackets, personal keys, and billfolds must be stored in the lockers. All materials stored in the lockers will be examined by the Front Lobby Officer. No unopened parcels will be permitted in the Visiting Room. memorandum to the Associate Warden if the attorney needs any special equipment such as tape recorders or video equipment, prior to the visit. If used, such equipment must be authorized in advance by the Warden in accordance with Program Statement 1315.07, Legal Activities, Inmate, dated November 5, 1999.

Medication is not permitted into the Institution. The only exception to this would be if the medication is life supportive to the visitor. Only the exact dosage during the time that he/she will be visiting will be permitted. Prior to allowing the medication into the institution, the Front Lobby Officer will contact a member of the Health Services staff to determine if the medication is necessary. If the medication must be retained by the visitor, the Front Lobby Officer will advise the Visiting Room Officer that the visitor has medication. The Visiting Room Officer will keep the medication until it is used.

i. Visitors with surgically implanted metal plates, pins, or pacemakers, etc., will need to supply medical documentation of these items prior to entry into the institution. If a visitor has appropriate documentation of a medical condition which would prevent him/her from clearing the walk-through metal detector, the Operations Lieutenant and the IDO will be notified.

j. A Smith ION Track Narcotics Detection System is being utilized at the USP and FCI front lobbies. The device will be utilized on randomly selected inmate visitors. Staff will only test items such as the tops of the pants pockets, waist area, pants cuffs (or shoe area), personal identification, etc. Visitor's hands will not be tested. An initial positive and second confirmation positive are not necessarily grounds for immediate denial of a visit, however, the Warden or designee will make the final decision concerning admittance. A confirmed positive test result for an illegal substance may satisfy the reasonable suspicion standard warranting further investigation, searches, controlled visitation, or denied visitation. Categorically deciding to deny visitation without considering the other options should not occur.

SIS Department is responsible for generating a tracking report of all positive tests and the visitor's entry status.

k. Processing of visitors will proceed by stamping the visitors and verification to ensure it is visible in black light.

l. Once the visitor has been processed, the visitor will proceed to the Visiting Room, escorted by a staff member. The visitor's photographic identification along with the visitor's Notification to Visitor Form will be hand-carried by the Visiting Escort Officer to the Visiting Room and relinquished to the Visiting Room Officer-in-charge upon entry. The Control Room Officer will verify the visitor's hand stamp visa black light before permitting entrance into the secured perimeter of the institution. Upon entry into the Visiting Room, the officer-in-charge will do the same.

Upon completion of the visit, the inmate and visitor will report to the Visiting Room Officer. The inmate must be positively identified. The Visiting Room Officer will then instruct the inmate to wait by the inmate search room. The Visiting Room Officer will then verify visitor's hand stamp visa the black light, identify each visitor via the photo identification and relinquish both the identification and Notification Forms to the escorting staff member. The visitor will then be escorted to the Administration Building. The Control Room Officer will again verify visitor's hand stamp via black light, and reference the photo identification prior to releasing the visitor from the secure SallyPort.

The Front Lobby Officer will ensure all personal items, i.e. vehicle keys are returned.

Visits will be denied or terminated only through the Operations Lieutenant and/or in consultation with the IDO. If for any reason a visitor is denied entrance to the facility, attachment C will be completed and forwarded per distribution noted on form.

All inmate visitors arriving in the Visiting Room will report to the Visiting Room Officer for processing and seating assignment. It is the responsibility of the inmate to ensure all visits are conducted in a quiet, orderly, and dignified manner.

Inmates entering the Visiting Room will report to the Visiting Room Officer and check in. All inmates are required to review and sign the Visiting Regulations (attachment F) prior to entering the Visiting Room.

No other exceptions to this provision shall be made. Children under the age of 12 are allowed to sit next to the inmate.

21. SPECIAL RULES FOR CHILDREN. Inmates in the visiting room are responsible for the conduct of their child visitors. Inmates are expected to supervise the children visiting them; as so they do not disturb other inmates and/or visitors, or disrupt the safety and security of the institution. Inmates who fail to properly supervise their child visitors, may be subject to having their visit terminated.

The visiting rooms are equipped with games and other related children's activities. These items are to be stored in a designated room in each visiting room. Inmates are prohibited from entering these rooms. Only visitors may access these rooms. Inmates who enter these rooms may be subject to having their visit terminated.

23. PROCEDURES FOR STORING ITEMS NOT AUTHORIZED IN THE VISITING ROOM. Lockers will be provided for the visitor needing to secure personal items and/or items they have brought to the institution that are prohibited in the Visiting Room. The lobby officer will have keys available to these lockers. The lobby officer will issue the key and print the visitor's name and sign their name in a log book, noting the locker key they have issued.
