INMATE HANDBOOK
Updated: August 2021

The information contained in this handbook is current as of the date of publication. It contains summaries of national and local policies and is subject to change. The purpose of this handbook is to provide incoming inmates with general information regarding the Bureau of Prisons, institution programs, and the rules and regulations inmates will encounter during incarceration. The purpose of this handbook is to help inmates understand their responsibilities when they arrive at the SPC Victorville and assist them in their adjustment to institution life.

Organizational Structure

Under the direction of the Wardens, the Associate Wardens oversee the management of their respective divisions. Within each division, there are several departments which are detailed below. There is a department head responsible for supervising the staff who carry out the mission of their respective departments.

Introduction

ADMINISTRATIVE STAFF

Wardens: The Warden is Chief Executive Officer of the institution and is responsible for its total operation. In order to perform this function most effectively, the Warden delegates some of his/her authority to senior staff members. He/she evaluates the advice of staff and committees appointed by him/her and is the final authority for approval for all major activities, including transfers, furloughs, and other community activities. If you have a problem which cannot be solved, and you have exhausted all other resources, you may submit an Inmate Request to Staff form to the Warden.

Associate Wardens: The Associate Wardens report directly to the Warden. He/she has delegated responsibility to oversee and supervise the day-to-day operations of the following departments: Food Service, Health Services, Safety, Facilities, Financial Management, Commissary, Laundry, Correctional Systems (Records Office, Receiving and Discharge, and Mail Room), Correctional Services, Correctional Programs, Education, Recreation, UNICOR, Psychology Services and Religious Services. Should you have a problem which concerns one of his/her areas of responsibility, and you have exhausted all other resources, you may submit an Inmate Request to Staff form or speak with him/her at the noon meal, Monday through Friday.

Discipline Hearing Officer (DHO): The DHO conducts Administrative Fact-Finding Hearings covering alleged acts of misconduct and violations of prohibited acts. This term refers to a one-person, independent, discipline hearing officer who is responsible for conducting Institution Discipline Hearings. The DHO imposes appropriate sanctions for incidents for inmate misconduct referred for disposition following the Unit Discipline Committee Hearing as required by 28 CFR 541.15.

Complex Captain: The Complex Captain reports directly to the Associate Warden. He/she has been delegated the responsibility for the overall security of the complex, and the safety of those who live and work here. He/she supervises the Deputy Captains, Lieutenants and Correctional Officers. Each institution has a Deputy Captain. Any questions concerning his/her areas of responsibility should be addressed to him/her directly, or to one of the Lieutenants.

Complex Case Management Coordinator: The Complex Case Management Coordinator (CCMC) reports directly to the Associate Warden. Each institution has a Deputy Case Management Coordinator (DCMC) that reports directly to the Complex CMC. He/she is considered an expert regarding case management and is delegated the responsibility of coordinating this area. You may request to see him/her by submitting an Inmate Request to Staff form, after attempting to resolve programing issues with your Unit Team members.

Quarters Assignments

Upon your arrival, you will be assigned to Unit G-North or Unit G-South. All living quarters will have a locker for you to store your property. Combination locks are available for purchase from the commissary. When inmates share a living area, there will be mutual responsibility to ensure that the area is kept clean and free of any contraband items. You will be held responsible for any contraband found in your assigned area and/or found amongst your personal property.

Correctional Programs

The institution is organized into two (2) Housing Units with a multi-discipline group of staff who will make decisions concerning work programs and inmate supervision. Each inmate will be assigned to a Unit Team. All new commitments, transferring inmates, or supervised release violators will be seen within four weeks.

Unit Staff: Each unit has a Unit Team which is made up of the following Staff Members:

Unit Manager: Is responsible for the development, operation, and supervision of the entire unit.

Case Manager: Is responsible for matters pertaining to inmate management such as parole, classification, release, transfer, community correction center referrals, etc.

Unit Counselor: Is primarily concerned with your day-to-day issues. When you need assistance regarding personal matters, you should initially contact your assigned Unit Counselor. Unit Counselors act as a liaison between you and your Unit Team, as well as other staff within the institution.

Secretary: Is responsible for the clerical work within the housing unit.

Unit Officer: Is responsible for inmate supervision within the unit. Many times, he or she will be the only staff member on duty and available to answer questions relative to your adjustment in the housing unit.

Education: Acts as an advisor to the Unit Team for all matters pertaining to your educational and/or vocational training needs.

Psychologist: Is qualified to determine if emotional/psychological problems may be affecting your incarceration. The Psychologist further suggests and/or participates in treatment plans.

UNIT RULES

After receiving a unit assignment, you should become familiar with the unit rules. The following are standard rules for each housing unit:

1. Lights in the units will be turned on at 5:30 a.m. and the lights will be turned out at 9:30 p.m. Laundry rooms, TV rooms, and salons will not be in use during lights-out.
2. There will be no visiting between cubicles.
3. There will be no visiting between living units. Inmates assigned to a work crew will be allowed in the living units if in possession of a work order and must check in/out with the Officer in Charge. Any unauthorized entrance to a housing unit will result in disciplinary action. Inmates not assigned to a specific unit must remain outside the unit on the compound immediately exiting the unit. Inmates found within the unit will be considered out of bounds.
4. Floors will be swept and mopped daily, paying close attention to the areas beneath the beds and under the lockers.
5. Walls, doors, and windows will be cleaned daily, assuring that any spills are cleaned off those areas. Pay close attention to the corners in order to prevent formation of cobwebs.
6. The only covering permitted for outside windows will be that which is provided by the institution. Beds will be tightly made, military style, with the blanket being the top cover. Your extra blanket will be neatly folded at the foot of the bed and nothing will be left lying on the bed or hanging from the bedposts or frame. All beds will be made by 7:30 a.m. during weekdays. On weekends and holidays, the bed will be made when the inmate is up for the day. Only one mattress is allowed per bed. When linen is being exchanged, the mattress may be left lying flat on the bed. Other than for linen exchange, sheets, pillows, blankets and towels will not be taken out of the housing unit.
7. Shoes will be neatly arranged underneath the bed.
8. Boxes and paper bags will be considered contraband in the quarters area. Personal property is limited to that which can be stored neatly in your locker or on the desk. Excess boxes, paper bags, magazines and newspapers will be considered a fire hazard. No more than five (5) magazines and five (5) books are allowed in property. Cardboard materials will not be kept inside the cell.
9. Windows will be cleaned daily. Orderlies are responsible for cleaning all outside first floor windows.
10. Room furniture will be cleaned daily, assuring that stains, spills and dust are removed.
11. Baseboard areas will be cleaned daily, assuring that dust does not accumulate.

12. All vents found in the cell quarters will be kept clean. All light fixtures in your quarters will also be kept clean and free of any stored items. The practice of covering vents and lights in the cells is prohibited.
13. Dirty clothing will be properly stored in a clothing bag between laundry exchanges, and will be stored in your locker or hanging from the side of your locker, out of sight.
14. Trash cans will be cleaned daily. They will be emptied prior to departing the room.
15. Pictures, posters, and other materials will not be attached to the walls in any manner. Non-personal pictures may only be displayed inside the locker doors.
16. Working out (pull-ups, push-ups, dips, sit-ups, etc.) or any form of body building/weightlifting is strictly prohibited.
17. Lockers and desks will be maintained in a neat and orderly fashion at all times. One picture and one religious item or book may be stored on top of each locker. No food/fruit items will be permitted outside your lockers.
18. In addition to your personal living area, you are expected to do your part in helping to maintain the highest possible sanitation level for the overall institution. You are to refrain from littering and may be required to work on a crew to pick up litter on the compound.
19. Inmates must be properly dressed in uniform Monday through Friday 7:30 am to 4:00 pm (shoes, shirts, pants, etc.) before entering any housing unit offices and exiting the unit, with the exception of recreation.
20. The Commissary Card will be issued to you during intake screening and will also serve as your inmate identification card. If you leave your housing unit, you must have your commissary ID card in your possession at all times. This card may also be used for checking out books, games, athletic equipment, etc.
21. Inmates may only use the inmate telephone system during their off duty work hours.
22. Hats and sunglasses may not be worn in Religious Services, Correctional Systems, Education, Psychology, Visiting Room, Health Services, or by non-workers in Food Service. When worn, the bill will be facing forward.
23. Inmate radios will not be worn in the visiting room, dining facility, classrooms, medical facility, or other areas where official business is conducted.
24. Combination locks are sold in the Commissary for use in securing inmate lockers and will only be used for that purpose. A combination lock found attached to any item other than the locker handle, will be viewed as a weapon and an incident report will be issued. Any inmate in possession of more than one lock may be issued an incident report. Inmates are prohibited from carrying a combination lock on their person except in the following instances:

- a) Transporting of the lock from Commissary after the initial purchase with the receipt in hand, directly to the assigned cell; or
- b) The return of a defective/non-working lock to the Commissary for exchange/new procedures and the inmate's immediate return to the assigned cell with the new lock and receipt.

Prior to leaving the assigned cell with a combination lock, all inmates are required to notify the Camp OIC.

To ensure the safe and orderly running of the institution, this is to remind all inmates within the Complex at FCC Victorville that inmates are required to be celled with another inmate. At any given time, staff will be pairing inmates to eliminate any single cells. Any inmate identified as refusing to program by refusing to accept a cellmate will be addressed on a case-by-case basis, which may include an incident report.

INTAKE PROCESSING

Medical and social screenings are conducted upon an inmate's arrival to the institution. Arriving inmates are immediately provided with the institution's rules and regulations, as well as information on their rights and responsibilities. Psychological screening is conducted on an as-needed basis. Within four weeks of arrival, inmates will be scheduled to attend the institution's A&O Program. A&O provides inmates with information about the programs, services, policies, and procedures of the institution. Inmates will receive work assignments following medical clearance and completion of Institutional A&O.

Classification and Program Reviews: The Unit Team develops programs suited to the individual needs of each inmate. Initial Classification and Program Review meetings are referred to as "team." The purpose of this meeting is to facilitate communication and ensure that all staff have input into developing a program plan for each inmate, as well as evaluate suitability for the institution. Inmates initially meet with their Unit Team within four weeks of arrival; this also includes inmates on Supervised Release Violations. Program Review meetings are conducted every 180 days until an inmate is within one year of release. Then, Program Review meetings are conducted every 90 days to facilitate release planning activities. Transfer requests will be addressed during these meetings.

Town Hall Meetings: Town Hall meetings are held in each unit on an as needed basis. These meetings are conducted to make announcements and discuss changes in unit/institution procedures. Inmates are encouraged to ask questions that pertain to the unit as a whole, rather than personal questions. Personal issues are to be addressed to Unit Team members during their regular working hours which are posted in each unit.

Unit-Based Counseling: A variety of counseling group sessions are provided by the Correctional Counselors. Groups are on-going and all inmates are encouraged to participate in these program opportunities.

Central Inmate Monitoring System: The Central Inmate Monitoring (CIM) System refers to procedures by which the Bureau of Prisons monitors and controls the activities of inmates who present specific management considerations. The assignment as a CIM case does not prevent an inmate from transferring or participating in community activities. All inmates assigned as a CIM case will be notified in writing. A CIM assignment may be appealed using the Administrative Remedy process.

Financial Responsibility: Inmates are obligated to pay assessments, fines, and restitution as ordered by the sentencing court. Inmates who fail to make payments commensurate with their ability to pay will be subject to certain programming and activity restrictions, and monthly performance pay will be limited to maintenance pay (\$5.25 a month).

Treaty Transfer: An inmate who is a citizen of a treaty nation shall be informed and provided an opportunity to inquire about a transfer to the country of citizenship. A treaty provides for an individual who is convicted of a crime and sentenced to imprisonment or some form of conditional release (probation, parole, etc.), in a country other than his/her country of citizenship, to be transferred to the country of citizenship for sentence completion. The inmate will be given an opportunity to indicate on an appropriate form whether he or she is interested in a treaty transfer.

Executive Clemency: The BOP advises all inmates that the President of the United States is authorized under the Constitution to grant executive clemency by pardon, commutation of sentence, or reprieve. A pardon is an executive act of grace that is a symbol of forgiveness. It does not connote innocence nor does it expunge the record of conviction. A pardon restores civil rights and facilitates the restoration of professional and other licenses that may have been lost by reason of the conviction. Other forms of executive clemency include commutation of sentence (reduction of sentence imposed after a conviction), and a reprieve (the suspension of execution of a sentence for a period of time). Inmates should contact their assigned Case Manager for additional information regarding this program.

Commutation of Sentence : The BOP also advises inmates on commutation of sentences. Commutation of sentence is usually the last chance to correct an injustice which has occurred in the criminal justice process. Inmates applying for commutation of sentence must do so on forms available from the assigned Unit Team. The rules governing these petitions are available in the Law Library.

Pardon: A pardon may not be applied for until the expiration of at least five (5) years from the date of release from confinement. In some cases involving crimes of a serious nature, such as violation of Narcotics Laws, Gun Control Laws, Income Tax Laws, Perjury, and violation of public trust involving personal dishonesty, fraud involving substantial sums of money, violations involving organized crime, or crimes of a serious nature, a waiting period of seven years is usually required.

Compassionate Release/Reduction in Sentence : The Director of the Bureau of Prisons may motion an inmate's sentencing court for reduction in sentence (RIS) for an inmate presenting extraordinary and compelling circumstances. See 18 U.S.C. § 3582 and Program Statement on *Compassionate Release/Reduction in Sentence*. The BOP may consider both medical and non-

medical circumstances. The BOP consults with the U.S. Attorney's Office that prosecuted the inmate and will notify any victims of the inmate's current offense. If the RIS is granted, the judge will issue an order for the inmate's release and he or she will then usually begin serving the previously imposed term of supervised release. If an inmate's RIS request is denied, the inmate will be provided a statement of reasons for the denial. The inmate may appeal a denial through the Administrative Remedy Procedure. Denials by the General Counsel or the Director are final agency decisions and are not appealable. Inmates who feel their request is of an emergency nature (e.g., a terminal medical condition) may state as such in accordance with the regulation. (See 28 CFR part 542, subpart B). Inmates should contact their assigned Unit Manager for additional information regarding this program.

INMATE GROOMING

Clothing: The authorized uniform for inmates is a proper fitting green trouser, long or short sleeved green shirts, socks, and issued safety shoes. Shirts must be worn on all work details. Between the hours of 7:30 a.m. and 4:00 p.m., outer shirts must be buttoned up. Tank tops are not authorized to be worn on the center compound, the unit, or unit court yard areas. Food Service work clothing may not be worn during non-duty hours. With the exception of food service workers, caps or hats are not to be worn in the Dining Room.

House and shower shoes may be worn in the housing units and the unit's outside court yard area only.

Any issued or purchased items that have been altered are considered contraband and will be confiscated. Clothing in excess of authorized limits will be considered contraband and the excess will be confiscated. Severe or repeated violations of these rules may result in disciplinary action.

Hair: Hair will be clean and neatly groomed at all times. If it is likely that long hair will result in a work injury, hair nets or caps will be worn. Hair nets will be required for persons working around food. Sweat bands are permitted only in the recreation department. Hair curlers and "doo rags" may be used in the housing unit and the unit's outside court yard area only. The inmate Salon is located on the south side of the institution, next to the Commissary. Hair cutting is not permitted in any area except for the institution Salon.

Cleanliness: Inmates are expected to shower daily, and maintain a high level of personal hygiene.

SANITATION

Inmates are responsible for inspecting their cell and reporting any damage to the Unit Officer. Inmates may be held financially liable for any damage to their cell and disciplinary action may be taken for any contraband found in their cell.

Inmates are responsible for making their beds in accordance with unit standards before work call (except weekends and holidays). Inmates will immediately make their beds when they rise on weekdays, but no later than 7:30 am Monday through Friday. Inmate lockers must be clean and neatly arranged. Inmates are expected to store their possessions in their lockers. Shoes may be

stored neatly under the bed. One 8"x10" picture in a frame and one book or religious item may be placed on top of the locker. Inmates are responsible for ensuring that their lockers are secured. One towel, one laundry bag, one shower kit and uniforms are the only items allowed to be hung on the side of the locker. Inmates are prohibited from growing plants in their cell.

There will be no brooms, cleaning supplies, etc., left in the individual cubicles or multi-purpose dormitories. No shelves or any unauthorized articles will be installed in the cells or lockers. No items will be placed on light fixtures, vents, or walls. Window coverings or clotheslines are prohibited.

INMATE ACCOUNTABILITY

Count Procedures: It is necessary for staff to count inmates on a regular basis. During count, inmates are expected to stay silent and in their assigned areas or cells until the institution count is cleared by the Control Center. Count times are as follows:

12:00 Midnight
3:00 a.m.
5:00 a.m.
10:00 a.m. (Weekends/Holidays- Stand Up Count)
4:00 p.m. (Stand Up Count)
9:30 p.m. (Stand Up Count)

**** Emergency Counts may occur at any time ****

Staff will take disciplinary action if inmates are not in their assigned areas during count, if inmates are not standing during Stand-Up Counts, or if the count is disrupted in any manner.

Authorized Movement: Monday through Friday the Unit Team will post a Change Sheet which reflects inmate work and quarter changes, and a Call Out Sheet that indicates when an inmate is to report to areas such as Correctional Systems, Chapel, Education, Health Services, etc. Inmates are responsible for reviewing changes and call-outs to ensure they are in an authorized area at the prescribed time (as posted on the call-outs). Inmates are considered out of bounds when they are somewhere other than an authorized area. Inmates found out of bounds are subject to disciplinary action. Out of bounds areas will be posted on the inmate bulletin boards. All areas on the compound that are marked with YELLOW or RED paint are considered "Out of Bounds" or restricted areas. At NO time are inmates to leave or return to camp grounds without going to the message center and checking in with the Officer in charge. All inmate run government work vehicles are to be parked in front of the message center for inspection prior to entering the camp grounds.

FOOD SERVICE

Food Service provides inmates with meals that are nutritionally adequate, properly prepared, and attractively served.

Rules and Regulations of the Dining Area:

1. Items on the menu marked with a star (*) denote foods prepared with pork or pork seasoning. The pound (#) indicates a no-flesh alternate choice item is available.
2. While in the serving line, inmates cannot trade food items with other inmates.
3. Inmates will leave nothing on the table and will clean up after themselves.
4. Inmates must dress properly in the dining area. Institution issued clothing is mandatory in the dining area during the afternoon meal on weekdays. Leisure wear is permitted during morning and evening meals, and on weekends and holidays. Inmates may not wear shorts, t-shirts, shower shoes, house shoes, hair curlers, “doo rags” or hats in the dining area.

6. Inmates are permitted to bring only one personal condiment to the dining area.

Religious Diets: The religious diet program was implemented to accommodate the nutritional needs of various religious groups. The Chaplain is the approving official for inmate participation or removal from the religious diet program. Once inmates are approved for a religious diet, the Food Service Administrator (FSA) will monitor participation. If an inmate misses six consecutive religious diet meals, the FSA will recommend the inmate be removed from the program. The Chaplain makes the final decision to remove an inmate from the program.

Food Service Employment: Inmates interested in working in the food service department are required to receive medical clearance prior to assignment.

Education

Our **mission** is to empower inmates to apply their acquired skills and knowledge, and to rely upon their personal attributes by providing high-quality, comprehensive, and meaningful education for all inmates. Each inmate will be expected to succeed within the bounds of their abilities and chosen educational goals. Each inmate will be treated with respect. Inmates will be afforded the opportunity to become lifelong learners and productive citizens in their communities upon release.

Our **vision** is to provide inmates with the highest quality of adult education to include literacy services, General Education Development (GED), English as-a-Second language, vocational, occupational, college courses, release preparation, technological awareness and library services. Our staff will demonstrate success by designing and planning programs which assist inmates in achieving their educational, employment, family and community goals in order to prepare inmates for release.

Facilities and Operational Hours: Education is open from 12:15 p.m. to 8:45 p.m. Monday – Friday. Education is closed on Saturday (operating hours are posted on bulletin boards). The department is closed on federal holidays. Scheduling of classrooms is reserved for all mandatory programs, followed by non-mandatory programs. Scheduling for other programs may be requested through each institution’s Assistant Supervisor of Education (ASOE). Posted evening and weekend schedules will be strictly adhered to.

An out-count is conducted on Sundays. Inmates who wish to stay during the out-count on Sundays must be present in Education and placed on the out-count no later than 7:45 a.m. The out-count must be submitted to the Control Center before 8:00 a.m. to allow the Control Center to process the inmates who are to be counted in Education. Inmates on the out-count will remain in Education until the “last call” for mainline. Education will provide library services to the inmate population until 3:30 p.m./recall.

Rules and Regulations: The rules and regulations of Education and its related facilities are expected to be followed and include all safety and sanitation guidelines established for the institution. No food, beverages, or personal radios are permitted inside Education. Head phones may be used for viewing and listening to educational video materials. Shirts will be buttoned and tucked in, and no sun glasses or non-religious headgear is to be worn inside Education. Personal or legal materials should not be left unattended in the library. Inmates should periodically refer to the bulletin boards located in Education for updates and a complete listing of the Inmate Law and Leisure Library rules. Any deviation from the rules, misuse of equipment and materials, and/or failure to return checked out items may result in immediate dismissal, loss of library privileges, incident reports, and sanctions.

Library Services: A Leisure/Law Library is available for the inmate population complex-wide. The Inmate Law Library is to be used by those engaged in legal activities. It is a place for serious study and concentrated work. The hours of operation are the same as the Education Department’s

listed above (**see Facilities and Operational Hours**). Inmates in the Special Housing Unit (SHU) must submit an Inmate Request to Staff or to the SHU Officer to utilize the SHU Law Library, and to the Education Department for access to any law materials not available to them in the SHU Law Library. An Electronic Law Library (ELL) is also available at the USP, FCI I, FCI II, Satellite Camp and the Special Housing Units/Hold-Over Units. The ELL system allows inmates to view and print law materials. In order to access the ELL system, inmates must have a register or PAC number, which is assigned by their Unit Team. Inmates are encouraged to contact Trust Fund or their Unit Team whenever having problems with signing on or operating the ELL system. An on-line ELL operator's tutorial guide is available for the ELL system.

The Inmate Leisure Library contains a variety of reading materials designed to meet educational, cultural, and social needs of the inmate population. The library is available to all off-duty inmates whenever the department is open. The development and care of the library collection is a responsibility shared by the Education staff and the inmate population. If inmates have suggestions for book purchases, newspaper or magazine subscriptions, inmates must submit an Inmate Request to Staff via cop-out to the library coordinator.

A Leisure Library has also been established in Recreation for the general population. Inmates are allowed to access leisure materials such as magazines, newspapers, brochures, pamphlets, etc. seven (7) days a week during the Recreation Department's scheduled hours. This provides inmates weekend access to the Leisure Library a minimum of 20 hours over the weekends.

Inmates may also participate in the Inter-Library Loan program. Inmates can request to participate in the Inter-Library Loan program by contacting the library coordinator or Supervisor of Education by submitting an Inmate Request to Staff form/cop-out. The Interlibrary Loan (ILL) program is conducted through the San Bernardino County Library system. Through this program, inmates can request non-fiction or fiction books in different languages from over 30 library branches.

A copy machine is also available for **legal use** at the inmate's expense. **Typewriters are available for legal needs only.**

Initial Orientation: An initial education consultation will be conducted during Admissions and Orientation with a representative from Education. A follow-up, individual consultation is used to review inmates will be conducted with all inmates within (60) days of arrival to the institution. This initial consultation is used to review inmates' current educational status and to make recommendations for program involvement. The recommendations made by staff and the desires expressed by inmates will be incorporated into the inmates' educational program plan. Inmates are encouraged to use the consultation session to ask questions and to develop plans for their educational pursuits.

Mandatory Programs: The **Literacy Program** is designed to help inmates develop foundational knowledge and skill in reading, math, and written expression, and to prepare inmates to get a General Educational Development (GED) credential. A high school diploma is the basic academic requirement for most entry-level jobs. People who function below this level often find it very difficult to get a job and carry out daily activities.

The completion of the literacy program is often only the first step towards adequate preparation for successful post-release reintegration into society. Additional educational programs such as advanced occupational training or college are increasingly needed in today's technical world. Our literacy standard reflects those in communities where we will release Federal inmates. Through our literacy program, we help inmates develop the skills needed to compete for available jobs and cope with post-release community, family, and other responsibilities. The Literacy Program Statement (5350.28), GED Standard, requires inmates who do not have a GED credential or a high school diploma to complete one period (240 instructional hours) of literacy program participation during their confinement (P.S. 5350.28). **Except as provided for in §544.71, an inmate confined in a federal institution who does not have a verified General Educational Development (GED) credential or high school diploma is required to attend an adult literacy program for a minimum of 240 instructional hours or until a GED is achieved, whichever occurs first.**

The **Literacy Program** is designed to provide inmates who do not have a verified GED or high school diploma with an opportunity to obtain a GED. Inmates who do not have a verified high school diploma or a GED certificate, or do not meet the exemptions as described in Program Statement 5350.28 shall be required to take the TABE or SABE exam must enroll in a literacy program for 240 institutional hours or until a GED is achieved, whichever occurs first. Inmates may ask to be released from this program after 240 institutional hours; however, all promotions in the Federal Prison Industries (UNICOR) and institutional job assignments beyond entry-level grade are dependent upon successful completion of the Literacy Program. Failure to enroll for the minimum 240-hour literacy program may result in an Incident Report and/or loss of **Good Conduct Time (GCT)** Credits, as outlined below.

The Violent Crime Control Law Enforcement Act (**VCCLEA**) mandates that an inmate with a date of offense on or after September 13, 1994 but before April 26, 1996, lacking a high school diploma, participate in and make satisfactory progress toward obtaining a General Education Development certificate in order to earn vested Good Conduct Time (GCT).

The **Prison Litigation Reform Act (PLRA)** of 1995 (P.L. 104-134;) requires the Bureau to consider whether inmates earned, or are making satisfactory progress towards earning a GED credential before awarding Good Conduct Time (GCT). For the Purpose of 18 U.S.C.A. 3624, an inmate subject to the **VCCLEA/PLRA** shall be deemed to be making satisfactory progress towards earning a GED credential unless any of the following events occur:

1. The inmate refuses to enroll in the literacy program;
2. The inmate has been found to have committed a prohibited act that occurred during a literacy program during the last 240 hours of the inmate's most recent enrollment in the literacy program; or
3. The inmate has withdrawn from the literacy program.

RECREATION

PURPOSE

The purpose of Recreation is to provide and to promote a large variety of recreational activities to the FCC Victorville (USP, FCI I, FCI II, and Camp) inmate population.

The Recreation programs are to provide gainful use of free time and to fulfill specific inmate's needs. Formal and informal programs offer a combination of competitive, recreational, and fitness type activities designed to reach a wide range of age, culture, ability, and interests. Recreation ensures that the inmate population is made aware of all activities and programs available by displaying flyers and monthly calendar of events in not only the housing units but in the recreation area.

Recreation's main goal is to provide inmates an opportunity to improve their health, fitness, development of mental and physical skills, and to be actively involved in leisure time activities.

RECREATION RULES & REGULATIONS

Recreation leisure programs are provided to help develop positive life styles and fitness/wellness programs to help develop positive self-image. Inmates are encouraged to participate in leisure and fitness programs and to abide by rules and regulations. Inappropriate behavior or un-sportsman conduct will not be tolerated. In order to meet these goals, Code of Conduct/Rules

has been developed for leisure programs, fitness/wellness programs and hobby craft programs. It is the inmate's responsibility to read the Code of Conduct/Rules and abide to the written rules when using recreation facilities and/or register in a recreation leisure program and/or hobby craft program. Department Rules of Conduct are posted on bulletin boards. Inmates who register for a program are required to read and sign the Code of Conduct/Rules and failure to adhere to the requirement may result in disciplinary action and suspension from the recreation department in general or from the specific program area in which the violation occurred.

Recreation Staff have the authority to refuse inmates access to recreation, if they believe it is not conducive and/or in the best interest of safety and security to allow inmates on the recreation yard.

Un-sportsman conduct and/or disruptive inmates will be asked to return to their respective housing units for that specific recreation yard movement for the day or evening. If the inmate continues to present a problem, an incident report may be written. In addition, incident reports that are written on inmates while in recreation or participating in a recreation sanctioned event may be reviewed by either the Unit Discipline Committee (UDC) or the Discipline Hearing Officer (DHO) depending on the severity of the offense. The UDC or DHO may impose sanctions that include the loss of recreation privileges for a specified time.

Please see recreation bulletin boards for specific rules and procedures at each institution.

PSYCHOLOGY SERVICES

Initially all inmates are seen by Psychology services for an intake screening. This is a brief interview to determine any history of mental health treatment, current mental health needs and treatment program recommendations. If an inmate is not screened in Correctional Systems upon initial arrival, they will be placed on a call out to be seen by Psychology Services within 14-30 days or less. When inmates have emergencies which limit their abilities to cope with day-to-day activities, they should ask their detail supervisor or unit staff to notify a psychologist who will then see the inmate as soon as possible.

Trained inmate companions are used as observers during a suicide watch. You can request to become a companion by submitting an Inmate Request to Staff to the Chief Psychologist.

All inmates can play a vital role in assisting to prevent inmate suicides by notifying staff immediately of any behavior or situations that may suggest another inmate is potentially suicidal, i.e., making direct statements, threats of self-harm, or displaying extreme emotional distress. Inmates may request a routine appointment via Inmate Request to Staff form to Psychology. An appointment will be scheduled on the call out sheet, generally within five working days. Inmates can also speak with psychologist briefly during open house hours. Times will be posted on the inmate bulletin boards and/or in Psychology Services. Psychologist will also conduct various groups and workshops for inmates. Psychology is located on the west side of the compound between Education and Religious Services. A small inmate resource library of psychology related books and tapes, is also available.

Zero Tolerance Policy: The Federal Bureau of Prisons has a zero tolerance policy against sexual abuse and sexual harassment. While you are incarcerated, no one has the right to pressure you to engage in sexual acts. You do not have to tolerate sexually abusive behavior or pressure to engage in unwanted sexual behavior from another inmate or staff member. Regardless of your age, size, race, ethnicity, gender or sexual orientation, you have the right to be safe from sexually abusive behavior. **For more information on sexual abuse and sexual harassment, please see pg. 66.**

Drug Abuse Program: Drug Abuse Program: Inmates with histories of drug and/or alcohol abuse are encouraged to discuss their interest in, and need for, substance abuse treatment programming with the Psychologist during intake screening or to request a session with the Drug Treatment Specialist or Drug Abuse Program Coordinator via an Inmate Request to Staff form. Individualized treatment programs and services will be designed to meet each inmate's needs and may consist of one or more of the following: support groups such as Alcoholics Anonymous (AA)/ Narcotics Anonymous (NA); drug education class; non-residential drug abuse program; non-residential transitional/follow-up treatment services; individual counseling/therapy; biblio-therapy; pre-release counseling; and assessment for and referral to the residential drug abuse program (RDAP) at another institution, when appropriate.

Within 45-days of your arrival here, your Unit Team will give you a drug education program assignment of: ED NONE, ED WAIT RC, ED WAIT RJ, ED WAIT RV, or ED WAIT HX. If you

have an ED WAIT assignment, you are required to take the 15-hour Drug Education class, but you may decline. If you decline, you will be placed in drug education required-declined status (ED DECL R) whereby you will be restricted to the lowest inmate performance pay grade and you will not be eligible for participation in community programs, (i.e., placement in a RCC). Inmates who have an ED NONE assignment who wish to enroll in the 15-hour Drug Education class may voluntarily participate by contacting the drug treatment specialist or Drug Abuse Program Coordinator to request their name be placed on the ED WAIT Volunteer (ED WAIT V) list.

Individuals desiring enrollment in the RDAP are instructed to submit an Inmate Request To Staff form (cop-out) requesting that their name be placed on the RDAP Eligibility Interview Wait List. To qualify for this program, you must have a documented, verifiable substance use disorder. Eligibility interviews for the RDAP are scheduled by nearest projected release date for those individuals who meet the criteria identified in Program Statement 5330.11, CN-1, Psychology Treatment Programs, Chapter 2, dated April 25, 2016. A deportable inmate is unqualified for RDAP. An inmate with a detainer, warrant, and/or pending charges is also unqualified for RDAP.

Smoking and Smoking Cessation: The Satellite Prison Camp is a non-smoking facility. Smoking is prohibited in all areas. Psychology offers stress management groups and various associated pamphlets. Inmates must submit an Inmate Request To Staff form to request enrollment in a class.

Note: All cigarettes and tobacco-related products found in the inmate's possession will be considered contraband.

Psychiatric Medications: These medicines, like all others, fall under Health Services. Psychologists may not prescribe any psychiatric medications in the Bureau of Prisons. If you need a psychiatric medication refilled, started or changed, please go to sick call to begin that process.

RELIGIOUS SERVICES

Bureau of Prisons Chaplains and religious volunteers are available to provide pastoral care to all Federal inmates. If there is a need during working hours to see a Chaplain, a detail supervisor should contact any Chaplain within the Complex.

INTRODUCTION: During the time you are with us at FCC Victorville, Religious Services would like to help you any way we can. Our Staff Chaplains' are available to all residents at FCC Victorville.

If we have one main message that we would like to get across to you, it would be: **Please do not put your life on hold for the period of time that you are with us!** Anyone can fall, but the idea is to get up and begin again. We would like to help you do just that - to stand and start a new beginning.

The Chapel provides a variety of worship services, study groups, and prayer/meditation meetings each week. All residents are welcome to attend *any* religious programs without regard to their religion of record. In addition, throughout the year there are special activities such as seminars, liturgical meals, fasting periods, holidays, and other events that take place. Often-times, volunteers from the outside

communities are involved with these special events as well as some of the weekly studies and worship. In order to take full advantage of all the programs offered through the chapel, it is important that you read the chapel schedules and posted bulletins inside the Chapel area for times and dates of various programs and activities. In addition, there is also an up to date schedule of the duty hours for the Chaplains assigned to each institution which can be helpful in planning when best to visit with them for religious requests, counseling, or other needs.

With a variety of services taking place in the chapels, it is also important to mention the importance of maintaining respect for the diversity of religious expressions being represented. At present, there are approximately fifteen (15) active groups represented within the chapels. You may look at the posted schedules to determine if a particular faith group is meeting as well as the days and times. With such diversity in the chapels, such behaviors as proselytizing, recruiting, or disparaging other religions cannot be tolerated. Moreover, any language deemed to be a threat to the orderly running of the institution or security also cannot be tolerated. The best way to avoid any perception of these behaviors is to remember the golden rule “treat others as you would like to be treated yourself.”

RELIGIOUS ISSUES:

Religious Diet: Recognizing that the followers of certain religious groups may require a specific diet, the Bureau of Prisons has instituted the religious diet program. **This diet is neither a medical diet nor a vegetarian option;** rather it is designed to accommodate those religions requiring special slaughtering of animals and food preparations. Anyone who is interested in participating in this program must make a request to the Chaplain and will be scheduled for an interview to determine appropriateness for the religious diet or mainline component. Once a determination has been made, a response to the request will be provided. Also note that those approved for the religious diet will be required to refrain from eating on the mainline which could result in receiving a violation and possible removal from the program.

Religious Medallions: Religious medallions representing one’s designated religious preference may be purchased through the Special Purchase Order (SPO) process. Anyone interested in ordering a medallion should see one of the chaplains to view catalogs containing approved items. There is purchase limit of \$100.00 on these purchases and the medallion must meet approved specifications in size, type, etc.

Religious Headwear: There are two types of religious headwear: religious and ceremonial. Religious headwear may be worn anywhere in the institution; however, ceremonial headwear may only be worn within the chapel. Most religious headwear approved for wear in the institution is available for purchase through commissary; however, anyone who wishes to purchase and wear the headwear of a particular faith group must have their religious preference reflecting that group.

Special Purchases of Religious Items: The Chaplains are available to assist in the purchase of religious items on a limited basis and must be purchased using personal funds. As mentioned, there is a limit of \$100.00 for each purchase. Orders that are approved by the Chaplains are forwarded to the Commissary for processing. In addition, Correctional Systems staff will review and record purchased items onto the inmate personal property list.

Weddings: The Bureau of Prisons considers marriage to be a civil (not religious) matter. Weddings are approved through procedures handled by the Unit Teams. If planning to request marriage, you may begin the process by requesting the initial forms from a Chaplain. All remaining processing will be completed by the Unit Team staff until the request is approved and the marriage actually scheduled.

Religious Literature: Periodically, the Chapel receives a supply of donated religious reading materials. Some of these publications are monthly periodicals, other are fliers or devotional booklets. The subject matter and religious orientation are constantly changing, so please check the displays weekly in the Chapel area.

Clergy Visits: Requests for a clergy visit by a religious representative from outside should be directed to a Chaplain who will verify the representative's credentials and begin the process. These visits will not be counted as social visits, and will take place in the visiting rooms during visiting hours. Such a clergy person is considered to be a "minister of record" for these purposes and will be placed on the visiting list of the one requesting the visits. In addition to outside clergy, Prisoner Visitation Support is also available at FCC Victorville as well. This is not a religious services program; however, the chaplain can assist in getting names on the list for visitation if they are requested. If anyone is interested in finding out more about the program or would like to be added to the list, please see a Chaplain.

Emergency Messages: Emergencies are considered when an immediate family member (mother, father, sister, brother, son, daughter, or spouse) has suffered an unexpected accident, major illness, etc. Should such an unfortunate event happen, the calling party should be prepared to provide the following information at the time of the call:

- * Know your full name and register number.
- * A phone number where a family member can be reached.
- * Full name of the family member affected in the emergency and his/her relationship to you.
- * Name and phone number of a hospital/funeral home.
- * A general statement about the nature of the emergency.

The Chaplains will verify the nature and seriousness of the emergency through a third party. Once verified, the chaplain will notify as soon as possible and offer pastoral care if desired.

Pastoral Care and Counseling: There is a Chaplain on the FCC Victorville Complex for some period of time each day. They are available for services, study groups, pastoral care and counseling. If you wish to speak with a Chaplain, you can either submit a written Inmate Request Staff or stop by the Chapel, where an appointment will be made for you. **For those housed at the SPC-there is additional Religious Counseling available during pregnancy. If you need to speak to a Chaplain in regards to your pregnancy you may request an appointment or stop by when a chaplain is available.**

Religious Services Audio/Video Center & Library: The Religious Services Department offers a place to listen and/or watch religious and reentry resources on an individual basis. Also, you will find a broad variety of religious books for various faith groups in the chapel library as well. The schedule

for this Center/Library is posted in the main hall of the Chapel area, as well as on the bulletin board in the dormitories. A catalogue of resources can be found as well to help you with your religious research or study.

Life Connections Introductory Video Presentation: Life Connections is a Bureau of Prisons Residential Re-entry program for individuals who wish to follow a spiritual pathway toward personal change and development. The Life Connections Program is unique in that it encourages you to address major life issues from the perspective of your own religious tradition. In this program, you will experience an intense program that includes: Opportunities for spiritual growth, deepening of religious roots, values and social responsibility training, personal mentoring, intensive journaling, victim impact programs and community service projects. To learn more about this program, you may check out a five minute video available in each chapel library. Also, you can speak with a Chaplain who can further explain the program and facilitate initial application if interested.

The Threshold Program: Threshold is a non-residential spiritual/values based program taught by Chaplains and volunteers over a six to nine month time period. This program is designed to strengthen inmate community reentry and reduce recidivism. Please come to the chapel to see if Threshold is currently being held at your institution.

Chapel Rules: Although it is the desire of the staff at each institution to make everyone feel comfortable in the chapel, there are certainly rules that must be followed to ensure that an atmosphere of quiet enjoyment, study, and worship is maintained. Accordingly, those wishing to use the chapel must observe the following:

1. No food or beverages in the chapel
2. No board, card, or other games permitted while in the chapel
3. No non-religious headwear is to be worn inside the chapel
4. No personal radios should be playing while in the chapel
5. No “idle” loitering and discussions that not connected to study or worship
6. All classrooms are off-limits except to those scheduled activities or with permission of chapel staff
7. Head phones must be used when viewing or listening to equipment in the chapel library

In summary, the chapel is a place of quiet enjoyment to be shared by all. In order to keep it as such, everyone must respect the sanctity of the chapel by being considerate of others, and by keeping the chapel clean and safe. Otherwise, we welcome all to come and enjoy all of the programs offered by Religious Services.

Worship opportunities are available to the various faith groups. Chaplain’s schedules and schedules of religious services and activities are posted on Chapel bulletin boards.  3. You must pay a fee of \$2.00 for health care services, charged to your Inmate Commissary Account, per health care visit, or if you are found responsible, through the Disciplinary Hearing Process, to have injured an inmate who, as a result of the injury, requires a health care visit.
 4. You will not be charges a health care service fee if you are considered indigent and unable to pay the health care services fee. An inmate without funds (indigent inmate) is an inmate who has not had a trust fund account balance of \$6.00 for the past 30 days.

We will not charge a fee for:

SICK CALL

Daily Sick Call sign up is achieved by filling out a Sick Call form, which can be obtained in and returned to Health Services. You may sign up for both medical or dental Sick Call. You will be triaged and scheduled to be seen the same day or later in the week. If you have an emergency situation (i.e., bleeding, chest pain, nausea, and vomiting), contact the Unit Officer and have him/her call the Duty PA. The Duty PA will assess your condition and see you immediately, if necessary. Failure to report to your scheduled Sick Call appointment or any other Call Out will result in an

incident report being written. Your Sick Call appointment may not be scheduled on the same date as you present your form.

You are responsible for notifying your Detail Supervisor or Unit Officer of your upcoming appointment. It is your responsibility to arrive for your appointment on time. If you arrive more than fifteen (15) minutes late, your scheduled appointment may be cancelled.

The dental and optometry waiting lists are posted in the waiting area of the Health Services Units.

PHYSICAL EXAMINATIONS

New commitments to the Bureau of Prisons will receive a complete physical examination within fourteen (14) calendar days of their arrival, if they have not been medically cleared by another BOP facility. This examination includes eye screening. Dental screening exam is done within 30 days of your arrival, if you were not cleared at another BOP facility. The Health Services staff will schedule all physicals for those inmates requesting these examinations.

METHICILLIN-RESISTANT *STAPHYLOCOCCUS AUREUS* (MRSA) INFECTION

Within the federal prison system, community-onset MRSA infections have been associated with illicit, unsanitary tattoo practices and poor inmate hygiene. MRSA infections often present as mild skin or soft tissue infections, such as furuncles, that occur spontaneously without an obvious source. Inmates with MRSA skin infections commonly complain of “an infected pimple”, an insect bite, a spider bite, or a sore. Many MRSA infections cause minor inflammation without pain and infected inmates may not seek medical attention. Persons with complicating medical conditions, such as diabetes, HIV infection, chronic skin conditions, indwelling catheters, post-surgical wounds, and skin ulcers are at an increased risk of MRSA infections; however, even otherwise healthy individuals can develop very serious MRSA infections, such as cellulitis, abscesses, necrotizing fasciitis, septic arthritis, necrotizing pneumonia, and sepsis.

ANNUAL TB SKIN TESTING:

Annual TB skin testing (PPD) is mandatory for all inmates **except** those who had a previously documented positive TB skin test and a history of INH treatment which can be verified. A chest X-ray will be ordered for these inmates to determine the presence of active TB disease. Inmates who have a positive TB skin test will be followed up in the Infectious Disease Chronic Care Clinic.

AIDS

HIV is a virus spread through certain body fluids that attacks the body's immune system, specifically the CD4 cells, often called T cells. Over time, HIV can destroy so many of these cells that the body can't fight off infections and disease. These special cells help the immune system fight off infections. Untreated, HIV reduces the number of CD4 cells (T cells) in the body. This damage to the immune system makes it harder and harder for the body to fight off infections and some other diseases. Opportunistic infections or cancers take advantage of a very weak immune system and signal that the person has **Acquired Immuno Deficiency Syndrome (AIDS)**. AIDS is the most severe phase of HIV infection. People with AIDS have such badly damaged immune systems that they get an increasing number of severe illnesses, called opportunistic illnesses. Without treatment, people with AIDS typically survive about 3 years. Common symptoms of AIDS include chills, fever, sweats, swollen lymph glands, weakness, and weight loss. People are

diagnosed with AIDS when their CD4 cell count drops below 200 cells/mm or if they develop certain opportunistic illnesses. People with AIDS can have a high viral load and be very infectious. There is an increased personal risk factor to contract this virus by behaviors which include: IV drug use, tattooing, and homosexual behavior. You are discouraged from engaging in such activities which transfer blood and body fluids. All inmates who have engaged in any of these high risk behaviors are encouraged to have an HIV test performed. This can be requested and risk factors discussed during your physical examination or on routine sick call.

HIV TESTING

Testing of inmates for HIV is a BOP priority. The following HIV testing policy applies in the BOP:

- Opt-out Voluntary Testing is offered to all designated inmates after arrival to the FCC VV.
- Voluntary Testing is also done when the inmate requests testing via Inmate Request to Staff Member. This voluntary testing is available to all inmates – regardless of sentencing or duration of stay.
- Mandatory testing is performed when there are indications/risk factors and the test is clinically indicated and/or surveillance testing is required. Inmates must participate in mandatory HIV testing programs.
- Involuntary Testing is performed following an exposure incident. Written consent of the inmate is **not** required. If an inmate refuses testing, testing will be conducted in accordance with Program Statement on the Use of Force. P6190.04 (7).

PILL LINES

Pill Line will be offered two (2) times daily. Times will be posted in the units and in Health Services. (Diabetic lines will be offered at 6:15 a.m. - 6:30 a. m. and approximately 5:15 p.m. - 5:30 p.m.). Any medication received via the Pill Line will be subject to being crushed, according to Policy, and the inmate will be under direct observation during the administration of the medication. You can pick up self-dispensed medication during the morning and the afternoon Pill Lines. You will not be able to pick up medication at any other time, nor on the weekends. It is the responsibility of the individual to be present at the Pill Lines to receive his/her medication.

Over the counter (OTC) medications are available for purchase at the Complex Commissary Department. Consult the Commissary Shopping List for the OTC medication available. **Note:** Inmates may request OTC medications based on an urgent medical need. In such circumstances, inmates will be allowed access to the Commissary on a day other than that regularly scheduled for the housing unit. Inmates requesting OTC medication will be allowed to fill a Commissary slip request; Commissary will process the order the same day. During this process, inmates will not be allowed to request any other items beside OTC medication. Indigent inmates will be allowed to request OTC medication through the Health Services Pharmacy using the regular Sick Call procedure. Also inmates requesting OTC medication through Commissary can obtain the OTC medication through the Health Services Department during Commissary closures (FCC Victorville Commissary is closed every Friday). To pick up any medication, you must show your ID card.

DENTAL SERVICES

For routine dental care, such as fillings and cleaning, you must submit a copout to the Dentist. You will then be scheduled on a first-come basis. The length of the wait for routine dental care is dependent upon the number of dental emergencies, which will take priority over routine care.

If you have a bona fide dental emergency, i.e., severe pain, swelling, etc., you may sign up for dental Sick Call at the same times and on the same days as medical Sick Call.

EYEGLASSES

Those inmates requiring to see the Optometrist must request an appointment through routine sick call for an initial eye screening and a referral. You will be scheduled at the earliest possible date.

After the optometry exam, all glasses will be ordered by the Health Services Unit staff from Unicor. Inmates will be placed on call-out to receive these glasses when they arrive at the Complex.

CONTACT LENSES

The complex will provide prescription eyeglasses. Inmates are not allowed to purchase eyeglasses from an outside provider, optometrist office, or from a web site.

MEDICAL DIETS

Inmates will pick and choose from available items on the serving lines. The Federal Bureau of Prisons does not have or offer medical diets.

INJURIES: Injuries will be seen by the on-duty Physician Assistant, or the Duty Health Services staff if after normal working hours. The inmate must report the injury to his Work Supervisor or Unit Officer. The Supervisor will contact the Health Services Unit staff and the inmate will be evaluated.

UNAUTHORIZED VISITS TO THE HEALTH SERVICES UNIT: All inmates who are in Health Services must be on the daily call out list or have an appointment to be there. If you are found to be in this area without an appointment or are not on the call out list, an incident report will be completed indicating that you are "out of bounds."

HEALTH SERVICES ADMINISTRATOR: If you have a problem with any of the Health Services Unit staff, or you wish to discuss a medical condition, you can visit with the Health Services Administrator or the Assistant Health Services Administrators without an appointment during mainlines. If you wish to make an appointment to see the Health Services Administrator for any other reason or at another time, you must submit a copout to the Medical Records staff.

LOWER BUNKS OR SOFT SHOES: Housing assignments are the responsibility of the Unit staff. If you have a medical condition which you feel requires a lower bunk, or soft shoes, you

may make a Sick Call appointment to discuss this with Health Care Provider, who will determine your need for a lower bunk, or soft shoes.

PRE-EXISTING MEDICAL CONDITIONS: In accordance with Bureau of Prisons Policy, if you are incarcerated with a pre-existing medical condition (i.e., hernia, hearing deficiency, etc.), and it will not be detrimental to your health and wellbeing during your confinement, the Bureau of Prisons will not take action to correct that problem. If it becomes a detriment to your health during your confinement, then corrective action will be taken. This determination will be made during the Weekly Utilization Review Committee Meeting and must be approved by the Central Office. This includes Dental Procedures.

JOB ASSIGNMENTS: Job assignments are the responsibility of the Unit Team staff who make specific job assignments. Health Services Team staff issue information regarding any physical duty restrictions to the Unit Team staff. The Unit Team staff are then responsible for placement in a position which takes these limitations into consideration. If you have a problem with your job assignment, see the Unit Team staff, not Health Services staff.

If any inmate has job restrictions placed on him during confinement at this Complex, athletic restrictions also will be considered, if medically indicated. If an inmate is under medical care for medical conditions such joint pain, back pain or other muscle skeleton conditions, they would be precluded from participating in recreational activities, in other words will be issued with recreation restrictions.

MEDICAL STATUS DEFINED

MEDICAL IDLE STATUS: An inmate on medical idle status will remain in his assigned quarters for the duration of this status. Exceptions are: meals, regularly scheduled church services, necessary call outs, and medical appointments. Medical idles are given for minor medical problems and will not be given for more than three (3) days.

WORK STATUS: There are three (3) conditions for work status.

- **NO DUTY:** Inmates placed on a no duty status will not be assigned to a work detail.
- **REGULAR DUTY WITH RESTRICTIONS:** Inmates with restrictions will be assigned to a work detail, but will be restricted from certain activities, based on their medical condition.
- **REGULAR DUTY:** As indicated, inmates will be assigned to a work detail without restrictions

CONVALESCENT STATUS: An inmate assigned to convalescent status will have regular compound privileges, but will not be required to work. He may not participate in sports or other strenuous activities. Convalescence will be given for a period of not less than three (3) days, and not more than thirty (30) days.

MEDICALLY UNASSIGNED: In the event of a serious medical problem or disability which would require an extensive period of convalescence, the inmate will be recommended for transfer to a long-term care facility.

HEALTH PROMOTION/DISEASE PREVENTION (HPDP) PROGRAM

The HPDP program guidelines established by the Health Services Unit will address health promotion as well as primary and secondary disease prevention. Those inmates with risk factors (e.g., smoking, obesity, hypertension, diabetes, etc.) will be identified and appropriately referred for counseling/ treatment. The overall success of this program depends on active participation of both the inmates and staff at this Complex.

Hand washing Information

Keeping hands clean through improved hand hygiene is one of the most important steps we can take to avoid getting sick and spreading germs to our co-workers, family and friends. Many diseases and conditions are spread as a result of poor hand hygiene.

Hand washing is easy to do and it's one of the most effective ways to prevent the spread of many types of infection and illness in all settings, from your home and workplace to child care facilities and hospitals. Clean hands can stop germs from spreading from one person to another and throughout an entire community.

LEARN MORE ABOUT WHEN AND HOW TO WASH YOUR HANDS.

When should you wash your hands?

- Before, during and after preparing food
- Before eating food
- Before and after caring for someone who is sick
- Before and after treating a cut or wound
- After using the toilet
- After blowing your nose, coughing, or sneezing
- After touching garbage

WHAT IS THE RIGHT WAY TO WASH YOUR HANDS?

- Wet your hands with clean running water (warm or cold) and apply soap
- Rub your hands together to make a lather and scrub them well; be sure to scrub the backs of your hands, between your fingers, and under your nails
- Continue rubbing your hands for at least 20 seconds
- Rinse your hands well under running water
- Dry your hands using a towel

Washing hands with soap and water is the best way to reduce the number of germs on them.

SOCIAL WORK SERVICES

Social Work Duties: The social worker will meet with the inmate and collaborate with outside agencies to ensure continuity of care. (i.e. CSOSA, Federal Probation, Veterans Affairs, and Social Security Administration) The inmate has an opportunity to be educated about health care (Social Security/Medicaid) benefit applications.

Making a Referral to Social Work: Any department could identify the inmates with significant medical/mental health issues who are going to be released, and provide information on the needs of those inmates. A referral is made in a reasonable amount of time prior to release date

(approximately 90 days) explaining what services are needed. An inmate can make his/her own referral by submitting an Inmate Request to Staff (Cop-Out) to the Social Work department. There are no open house hours at this time.

Inappropriate Referrals: There are several examples of inappropriate referrals: civil matters (i.e., divorce, child support, or custody issues), housing, employment, locating family members, benefits applications for able-bodied inmates, or requests for Care 1 inmates.

This procedure occurs only if the sender adequately identifies himself (full name and title) on the envelope and the envelope is marked Special Mail: Open Only in the Presence of the Inmate. Other mail may be opened by staff.

Inmate Correspondence with Representatives of News Media:

Correspondence from news media representatives will be opened and inspected for contraband, qualification as media correspondence, and content. Correspondence sent to the news media is treated as Special Mail if marked as noted above, but mail received from the news media is not.

Contact with the News Media: An inmate may not receive compensation or anything of value for interviews with the news media. Requests for personal interviews may be made by either the inmate or the representative of the news media. These requests must be made within a reasonable time before the personal interview. The Warden will normally approve or disapprove an interview request within 24 to 48 hours of the time the request is made.

Correspondence Between Confined Inmates: Correspondence with an inmate confined in another penal or correctional institution is limited to immediate family members and co-defendants with a current and active case, excluding civil lawsuits. Prior approval is required and inmates should contact the Unit Team regarding such correspondence. Common-law marriages are not recognized in the State of California; therefore, common-law partners are not considered immediate family.

Rejection of Correspondence: The Warden may reject certain correspondence sent by and to an inmate. The Warden will give written notice to the sender concerning the reasons for rejection, as authorized in Program Statement 5265.14, Correspondence.

Mail Security Enhancements: The following safety and security enhancements are in effect:

- All incoming general correspondence envelopes and paper must be white in color. If an incoming general correspondence is in an envelope other than white, is written on paper other than white, is made from cardstock, and/or contains drawings, writings, etc., made in crayon or marker, the correspondence will not be accepted and will be rejected.
- All incoming general correspondence which utilizes a label for either the recipient and/or sender will not be accepted and will be rejected. The recipient and sender information must be completed either in ink or through address stamp.
- All incoming correspondence sprayed with fragrance, such as but not limited to perfume or cologne, will be rejected.
- All “homemade” greeting cards will be rejected. Commercial greeting cards will be photocopied prior to delivery. Inmates will NOT receive the commercial card.

All legal envelopes from attorneys will be photocopied prior to delivery. Inmates will not receive the original envelope.

Certified Mail/Registered Mail: Your unit staff will assist in obtaining certification, weighing, and any receipt requirements.

INMATE VOTING RIGHTS

Currently, the District of Columbia (DC), Maine and Vermont allow incarcerated individuals to vote.

- **District of Columbia:** You must have proper proof of residence (address must match the

address listed on the voter application). Those in a federal facility may use your DC home address. If you do not currently have an address in DC (i.e., no family currently residing there), but are still returning to DC upon release, use your last known address.

- **Maine:** You must have an *established* residence. Residence for the purpose of elections refers to “that place where the person has established a fixed and principal home to which the person, whenever temporarily absent, intends to return.” Meaning, you must intend to return to that address, and you will need to attest to that on the forms.
- **Vermont:** Inmates vote by absentee ballot by using their last known address in Vermont.

Voting materials for DC, Maine, and Vermont are posted on TRULINCS. This and other material is also available in the Reentry Resource Library.

Prior to release or transfer to a Residential Reentry Center or Home Confinement, you will receive additional information regarding Restoration of Voting Rights.

The BOP will update information materials regarding changes in voting rights for relevant states as needed.

Incoming and Outgoing Voter Mail

Incoming mail from a Board of Election labeled "Official Election Mail," "Official Election Ballot," "Ballot Enclosed," or similar language indicating the contents of the envelope include an election ballot will be treated as legal mail and inmates will sign for the mail. Only incoming ballots will be treated as legal mail, other types of informational mail are considered general correspondence.

All outgoing inmate mail addressed to a Board of Election will be treated as legal mail.

RESTORATION OF VOTING RIGHTS

It has been a common practice within the United States to make felons ineligible to vote, and in some cases permanently. Over the past few decades, the general trend has been to reinstate the right to vote at some point, although this is a state-by-state policy choice. Below is a summary.

- In the District of Columbia, Maine and Vermont, felons never lose their right to vote, even while they are incarcerated.
- In 18 states, felons lose their voting rights only while incarcerated and receive automatic restoration upon release.
- In 19 states, felons lose their voting rights during incarceration, and for a period of time after, typically while on parole and/or probation. Voting rights are automatically restored after this time period. Former felons may also have to pay any outstanding fines, fees or restitution before their

rights are restored as well.

- In 11 states, felons lose their voting rights indefinitely for some crimes, or require a governor's pardon in order for voting rights to be restored; face an additional waiting period after completion of sentence (including parole and probation), or require additional action before voting rights can be restored.

INMATE PERSONAL PROPERTY

The amount of personal property each inmate may have is limited. Inmates are not authorized to possess certain items due to institutional security or safety reasons. Refer to Bureau of Prisons' Program Statement 5580.08, Inmate Personal Property, and the Institution Supplement for national and local directives for additional information concerning property restrictions. Any item found in an inmate's possession that is not authorized by national or local directives is considered to be contraband and will be confiscated. Inmates in possession of unauthorized items are also subject to disciplinary actions.

Legal Material: Inmates are authorized to maintain legal materials in their assigned locker. Unit Team staff will assist inmates in maintaining excess legal material and alternative storage areas, provided the material is for current/active legal proceedings.

COMMISSARY

The Satellite Prison Camp operates a Commissary which provides inmates an opportunity to purchase articles not issued or delivered as basic care by the institution or of a different quality. The use of Trust Fund services is a controllable privilege. The Warden or an authorized representative may limit or deny the privilege of a particular inmate.

A list of available items and current prices can be obtained from Commissary staff. Inmates are allowed the opportunity to spend the current national limit for Commissary sales of \$360.00 per month, \$90.00 per week. The spending limitation is automatically re-validated once per month for each inmate. An inmate's re-validation date can be determined by multiplying the 5th digit of their register number by 3 and then adding 1 to that total. The only items excluded from the spending limitation are:

- Postage stamps.
- Nicotine Replacement Therapy (NRT) Patches.
- Over-the-counter medications.
- Kosher/Halal shelf-stable entrees for inmates who are FRP Refuse.
- Copy cards and copy paper.

The shopping schedule will be posted in the Commissary Sales Unit as well as the TRULINCS Electronic Bulletin Board. Sales are considered final after the inmate accepts the item(s), receives

the sales receipt, and leaves the sales window. All items are sold with no warranty implied, with the exception of MP3 players. Ordinarily, no more than one Special Purchase Order (SPO) is processed per month for any inmate. The maximum dollar amount allowed for an SPO is \$300 per quarter. All SPO's will have a 30% markup with the exception of Religious Articles.

Inmates are instructed to use TRULINCS to view their account transactions or to use the Inmate Telephone System to access their account balance.

INMATE TELEPHONE SYSTEM

An Inmate Telephone System is provided in the housing units for inmates to maintain family and community ties. For institution security purposes, inmates must place all personal telephone calls through the Inmate Telephone System and may not circumvent it via call forwarding/automatic electronic forwarding, three-way calling, or any other means. The only exceptions are identified in the Program Statement **Inmate Telephone Regulations**. All personal telephone calls processed through the Inmate Telephone System are recorded. Handing another inmate the phone to converse with your telephone party is prohibited and disciplinary action may be taken.

Inmates are given a nine-digit Personal Access Code(PAC) for access to their individual account and instructions on using the Inmate Telephone System. PACs are given to Unit Management Staff within 24 hours after an inmate's arrival to the institution. A \$5 fee will be charged when a replacement PAC is requested. Inmates will process a Request for Withdrawal of Inmate's Personal Funds (BP-199) for this purpose.

Upon initial use of the Inmate Telephone System, inmates will be required to complete the Inmate Voice Verification System ((V-Pin) registration process. V-PIN is a security feature designed to work with an inmate's Telephone PAC Number to prevent his/her telephone account from being accessed by other inmates. Unit Team staff will notify Trust Fund staff to enable an inmate's telephone account prior to registering. During the registration process, inmates will be prompted to state their first and last name as this recording will be matched when placing telephone calls. Inmates will not be able to use the Inmate Telephone System until this process is successfully completed.

Inmates are limited to 300 ITS minutes per calendar month. ITS minutes will reset on an inmate's commissary re-validation date. The maximum length of a telephone call is limited to 15 minutes per call. Once a call is completed, an inmate must wait 30 minutes prior to initiating another call.

Telephone rates are posted in all housing units and the TRULINCS Electronic Bulletin Board. Inmates may transfer funds in whole dollar amounts only, from their commissary account to their ITS account via the ITS interactive voice response system (Telephone Teller). The maximum number of times an inmate may transfer funds is limited to two transfers per day. Once funds are transferred to your TRUFONE account, funds may not be transferred back to an inmate's Commissary account except for:

- Inmates that are releasing.
- Inmates on telephone restriction for more than 60 days.

- Inmates will have the ability to transfer **all** funds from their ITS account to their Commissary account using the “118” inquiry feature. The inmate will press “7” to transfer **all** funds to their Commissary account with a confirmation option to verify the transfer.
- The transfer of funds from the ITS account to the Commissary account will count against the two allowed transfers per day currently set as a parameter in the Inmate Class of Service.
- There will be a \$400 limit on the amount of funds allowed in the ITS account. Inmate accounts with funds over \$400 will remain with their current balance but inmates will not be allowed to transfer any additional funds to their ITS account.
- The message that is played to the called party will now include “This call is being recorded and subject to monitoring” before the call can be accepted or denied.
- There will be a change to the collect call message that is played to the called party. The message will change from “This is a V.A.C. collect call from...” to “This is a Global Tel Link collect call from...”

Inmates may also access the cost of their last completed telephone call and the amount of minutes remaining for the month via the Telephone Teller.

Inmates are responsible for managing their approved telephone numbers via the contact list within TRULINCS. There is no limit on the frequency an inmate may update his telephone list, however telephone lists may not exceed 30 active numbers. Inmates will be required to key name and address information related to each telephone number.

Trust Fund Limited Inmate Computer System (TRULINCS)

TRULINCS is the infrastructure that provides inmates access to multiple services. Inmates are provided with individual TRULINCS accounts similar to their ITS accounts. Inmates are normally allowed a maximum TRULINCS session length of 60 minutes before being automatically logged out for 15 minutes to allow other inmates access to the system. Inmates may only have 100 active postal contacts on their contact list. Staff is not obligated to print inmate-related materials that can be printed from TRULINCS. Inmates on Messaging Restriction for more than 60 days may request in writing that their TRU-Unit balance be returned to their Commissary account.

Electronic Messaging: Inmate participation in the TRULINCS Electronic Messaging Program is solely voluntary. The TRULINCS inmate login screen will require Acceptance of the Warning/Responsibility and Acknowledgment form on each login before inmates can access Public Messaging.

Account Transactions: Inmates are responsible for tracking their Commissary, TRUFONE, and TRULINCS account balances. Inmates have access to view account information and transactions for free. Inmates have the ability to print transactional information for a fee. Inmates that have access to the Account Transactions Service are responsible for printing their own account statement.

LAUNDRY

Inmates may visit the Central Laundry for clothing issue/exchange twice per week, excluding the first **full** week of every month. According to the inmate's register number, the last 2 digits of the first 5 digits of the inmate's register number will be used. Monday and Wednesday 00-49 and Tuesday and Thursday 50-99. Laundry will not be open for exchange on Friday. Only linen exchange and hygiene distribution will be conducted during this week. Additionally, laundering of institution clothing will still be available. Self-serve laundry facilities are also available in the housing units. Inmates who utilize this service must purchase laundry detergent through the Commissary.

Inmates will drop off soiled laundry in the morning and pick up in the afternoon, the same day. The cleaning and repair of personal clothing purchased through the Commissary will be the responsibility of the inmate.

Inmates are required to sign for the receipt of institution clothing/ linen and instructed that items shall be returned prior to release. The return of Government-furnished items at the time of release will be recorded on the inmate's record.

Disciplinary action may be taken against inmates who willfully damage or alter Government-furnished items.

Personal checks or cash will not be accepted. Funds received through the mail at the institution for deposit to an inmate's account will be returned to the sender with a letter containing the LockBox address.

Approval to Withdraw Inmate Funds (BP-199): Staff approval is required for processing withdrawals initiated by inmates to send funds to outside parties. Approving officials for these withdrawals are: Unit Managers and Supervisor of Education request up to \$500.00. Disciplinary Hearing Officers (DHO) for repayment of willful and malicious damage to Government property following DHO finding that the inmate committed such a prohibited act.

Transfer of funds between inmates: Funds may be transferred from the account of one inmate to another when the inmates are close confirmed **relatives** and the Warden approves in writing.

Inmates' families and friends may also send inmates funds through Western Union's Quick Collect Program and MoneyGram's Express Payment Program. Funds will not be received locally from inmate visitors for deposit to an inmate's account.

Inmates transferring to or from other BOP facilities should have their personal funds available within 24 hours of arrival to the facility. PROBLEM RESOLUTION

Inmate Request to Staff

An Inmate Request to Staff (form BP-S148), commonly called a Cop-Out, is used to make a written request to a staff member. Any type of request can be made with this form. Cop-outs may be obtained in the living units from the Correctional Officer on duty. Staff members will answer the request within a reasonable period of time.

Administrative Remedy Process

The BOP emphasizes and encourages the resolution of complaints. The first step of the Administrative Remedy process is to attempt an **Informal Resolution**, utilizing the appropriate Informal Resolution form. (See the Administrative Remedy Institution Supplement, Attachment A.) When an informal resolution is not successful, an inmate can access the Administrative Remedy Program. All Administrative Remedy forms may be obtained from your assigned Correctional Counselor or Unit Team member.

If the issue cannot be informally resolved, a formal complaint may be filed with a Request for Administrative Remedy (formerly BP-229), commonly referred to as a BP-9. The inmate may place a single complaint or related issues on the form. If the form contains multiple unrelated issues, the submission will be rejected. The inmate will return the completed BP-9 to the Correctional Counselor, who will deliver it to the Administrative Remedy Coordinator (BP-9 will be rejected unless processed through staff). The BP-9 complaint must be filed within twenty (20) calendar days from the date on which the basis for the incident or complaint occurred, unless it was not feasible to file within that period of time which should be documented in the complaint. Institution staff has twenty (20) calendar days to act on the complaint and to provide a written response to the inmate. This time limit for the response may be extended for an additional twenty (20) calendar days. The inmate will be notified of the extension.

If the inmate is not satisfied with the Warden's response to the BP-9, he may file an appeal to the Regional Director. This appeal must be received in the Regional Office within twenty (20) calendar days from the date of the BP-9 response. The regional appeal is filed on a Regional Administrative Remedy Appeal (form BP-230), commonly referred to as a BP-10, and must include the appropriate number of copies of the BP-9 form, the Warden's response, and any exhibits. The regional appeal must be answered within thirty (30) calendar days, but the time limit may be extended an additional thirty (30) days. The inmate will be notified of the extension

If the inmate is not satisfied with the Regional Director's response, he may appeal to the General Counsel in the Central Office. The national appeal must be made on the Central Office Administrative Remedy Appeal (form BP-231), commonly referred to as a BP-11, and must have the appropriate number of copies of the BP-9, BP-10, both responses, and any exhibits. The national appeal must be answered within forty (40) calendar days, but the time limit may be extended an additional twenty (20) days. The inmate will be notified of the extension.

When filing a Request for Administrative Remedy or an Appeal (BP-9, BP-10, or BP-11), the form should contain the following information:

- Statement of Facts
- Grounds for Relief
- Relief Requested

Sensitive Complaints

If an inmate believes a complaint is of a sensitive nature and he would be adversely affected if the complaint became known to the institution, he may file the complaint directly to the Regional Director. The inmate must explain, in writing, the reason for not filing the complaint with the institution. If the Regional Director agrees the complaint is sensitive, it shall be accepted and a response to the complaint will be processed. If the Regional Director does not agree the complaint is sensitive, the inmate will be advised in writing of that determination and the complaint will be returned. The inmate may then pursue the matter by filing a BP-9 at the institution.

General Information

When a complaint is determined to be of an emergency and threatens the inmate's immediate health or welfare, the reply must be made as soon as possible, usually within seventy-two (72) hours from the receipt of the complaint.

For detailed instructions see Program Statement 1330.16, Administrative Remedy Program.

**Sexually Abusive Behavior
Prevention and Intervention**

An Overview for Offenders

July 2018

You Have the Right to be Safe from Sexually Abusive Behavior.

The Federal Bureau of Prisons has a zero tolerance policy against sexual abuse and sexual harassment. While you are incarcerated, **no one has the right to pressure you to engage in sexual acts.**

You do not have to tolerate sexually abusive/ harassing behavior or pressure to engage in unwanted sexual behavior from another inmate or a staff member. Regardless of your age, size, race, ethnicity, gender or sexual orientation, you have the right to be safe from sexually abusive behavior.

What Can You Do To Prevent Sexually Abusive Behavior?

Here are some things you can do to protect yourself and others against sexually abusive behavior:

- Carry yourself in a confident manner at all times. Do not permit your emotions (fear/anxiety) to be obvious to others.
- Do not accept gifts or favors from others. Most gifts or favors come with strings attached to them.
- Do not accept an offer from another inmate to be your protector.
- Find a staff member with whom you feel comfortable discussing your fears and concerns.
- Be alert! Do not use contraband substances such as drugs or alcohol; these can weaken your ability to stay alert and make good judgments.
- Be direct and firm if others ask you to do something you don't want to do. Do not give mixed messages to other inmates regarding your wishes for sexual activity.
- Stay in well-lit areas of the institution.
- Choose your associates wisely. Look for people who are involved in positive activities like educational programs, psychology groups, or religious services. Get involved in these activities yourself.
- Trust your instincts. If you sense that a situation may be dangerous, it probably is. If you fear for your safety, report your concerns to staff.

What Can You Do if You Are Afraid or Feel Threatened?

If you are afraid or feel you are being threatened or pressured to engage in sexual behaviors, you should discuss your concerns with staff. Because this can be a difficult topic to discuss, some staff, like psychologists, are specially trained to help you deal with problems in this area.

If you feel immediately threatened, approach any staff member and ask for assistance. It is part of his/her job to ensure your safety. If it is a staff member that is threatening you, report your concerns immediately to another staff member that you trust, or follow the procedures for making a confidential report.

What Can You Do if You Are Sexually Assaulted?

If you become a victim of a sexually abusive behavior, **you should report it immediately to staff** who will offer you protection from the assailant. You do not have to name the inmate(s) or staff assailant(s) in order to receive assistance, but specific information may make it easier for staff to know how best to respond. You will continue to receive protection from the assailant, whether or not you have identified him or her (or agree to testify against him/her).

After reporting any sexual assault, you will be referred immediately for a medical examination and clinical assessment. Even though you may want to clean up after the assault, **it is important to see medical staff BEFORE you shower, wash, drink, eat, change clothing, or use the bathroom.** Medical staff will examine you for injuries which may or may not be readily apparent to you. They can also check you for sexually

transmitted diseases, pregnancy, if appropriate, and gather any physical evidence of assault. The individuals who sexually abuse or assault inmates can only be disciplined and/or prosecuted if the abuse is reported. **Regardless of whether your assailant is an inmate or a staff member, it is important to understand that you will never be disciplined or prosecuted for being the victim of a sexual assault.**

Page | 2 (July 2018)

How Do You Report an Incident of Sexually Abusive Behavior?

It is important that you **tell a staff member if you have been sexually assaulted** or have been a victim of sexual harassment. It is equally important to inform staff if you have witnessed sexually abusive behavior. You can tell your case manager, Chaplain, Psychologist, SIS, the Warden or any other staff member you trust. BOP staff members are instructed to keep reported information confidential and only discuss it with the appropriate officials on a need-to-know basis concerning the inmate-victim's welfare and for law enforcement or investigative purposes. There are other means to confidentially report sexually abusive behavior if you are not comfortable talking with staff.

- **Write directly to the Warden, Regional Director or Director.** You can send the Warden an Inmate Request to Staff Member (Cop-out) or a letter reporting the sexually abusive behavior. You may also send a letter to the Regional Director or Director of the Bureau of Prisons. To ensure confidentiality, use special mail procedures.
- **File an Administrative Remedy.** You can file a Request for Administrative Remedy (BP-9). If you determine your complaint is too sensitive to file with the Warden, you have the opportunity to file your administrative remedy directly with the Regional Director (BP-10). You can get the forms from your counselor or other unit staff.
- **Write the Office of the Inspector General (OIG)** which investigates certain allegations of staff misconduct by employees of the U.S. Department of Justice; all other sexual abuse/harassment allegations will be forwarded by the OIG to the BOP. OIG is a component of the Department of Justice and is not a part of the Bureau of Prisons. The address is:

**Office of the Inspector General
U.S. Department of Justice
Investigations Division
950 Pennsylvania Avenue, N.W.
Room 4706
Washington, D.C. 20530**

- **E-mail OIG.** You can send an e-mail directly to OIG by clicking on the TRULINCS Request to Staff tab and selecting the Department Mailbox titled, DOJ Sexual Abuse Reporting. This method of reporting is processed by OIG during normal business hours, Monday – Friday. It is not a 24-hour hotline. For immediate assistance, contact institution staff.
Note: These e-mails:
 - are untraceable at the local institution,
 - are forwarded directly to OIG
 - will not be saved in your e-mail 'Sent' list
 - do not allow for a reply from OIG,
 - If you want to remain anonymous to the BOP, you must request it in the e-mail to OIG.
- **Third-party Reporting.** Anyone can report such abuse on your behalf by accessing the BOP's public website, specifically https://www.bop.gov/inmates/custody_and_care/sexual_abuse_prevention.jsp

Understanding the Investigative Process

Once the sexually abusive behavior is reported, the BOP and/or other appropriate law enforcement agencies will conduct an investigation. The purpose of the investigation is to determine the nature and scope of the abusive behavior. You may be asked to give a statement during the investigation. If criminal charges are brought, you may be asked to testify during the criminal proceedings.

Counseling Programs for Victims of Sexually Abusive Behavior

Most people need help to recover from the emotional effects of sexually abusive behavior. If you are the victim of sexually abusive behavior, whether recent or in the past, you may seek counseling and/or advice from a psychologist or chaplain. Crisis counseling, coping skills, suicide prevention, mental health counseling, and spiritual counseling are all available to you.

Contact your local Rape Crisis Center (RCC): San Bernardino Sexual Assault Services 444 N. Arrowhead Ave., Suite 101-105, San Bernardino, CA 92401, or the National Sexual Assault Hotline: 800-656-4673.

Management Program for Inmate Assailants

Anyone who sexually abuses/assaults/harasses others while in the custody of the BOP will be disciplined and prosecuted to the fullest extent of the law. If you are an inmate assailant, you will be referred to Correctional Services for monitoring. You will be referred to Psychology Services for an assessment of risk and treatment and management needs. Treatment compliance or refusal will be documented and decisions regarding your conditions of confinement and release may be effected. If you feel that you need help to keep from engaging in sexually abusive behaviors, psychological services are available.

An incident is considered **Inmate-on-Inmate Abuse/Assault** when any sexually abusive behavior occurs between two or more inmates. An incident is considered **Staff-on-Inmate Abuse/Assault** when any sexually abusive behavior is initiated by a staff member toward one or more inmates. It is also considered Staff-on-Inmate Abuse/Assault if a staff member willingly engages in sexual acts or contacts that are initiated by an inmate.

NOTE: Sexual acts or contacts between two or more inmates, even when no objections are raised, are prohibited acts, and may be illegal. Sexual acts or contacts between an inmate and a staff member, even when no objections are raised by either party, are always forbidden and illegal. Inmates who have been sexual assaulted by another inmate or staff member will not be prosecuted or disciplined for reporting the assault. However, inmates will be penalized for knowingly filing any false report.

As Director of the Federal Bureau of Prisons, I am committed to ensuring your safety, the safety of staff and the public. I am also committed to providing you with programs and services that can contribute to your ability to successfully reenter society. In this message, I would like to specifically address your state of mind, an important part of your overall well-being.

Incarceration is difficult for many people; many individuals experience a wide range of emotions – sadness, anxiety, fear, loneliness, anger, or shame. At times you may feel hopeless about your future and your thoughts may turn to suicide. If you are unable to think of solutions other than suicide, it is not because solutions do not exist; it is because you are currently unable to see them. Do not lose hope. Solutions can be found, feelings change, unanticipated positive events occur. Look for meaning and purpose in educational and treatment programs, faith, work, family, and friends.

Bureau staff are a key resource available to you. Every institution is staffed with psychologists who provide counseling and other supportive mental health services. Anytime you want to speak with a psychologist, let staff know and they will contact Psychology Services to make the necessary arrangements. Psychologists are not the only Bureau staff available to provide you support. Your unit officer, counselor or case manager, work supervisor, teacher, and treatment specialist are available to speak with you and provide assistance, as are the other staff in the institution, including recreation specialists and lieutenants. Help is available.

Every day, inmates across the Bureau find the strength and support to move ahead in a positive direction, despite their challenging circumstances. You may be reading this message while in a Special Housing Unit or Special Management Unit cell, thinking your life is moving in the wrong direction. But wherever you are, whatever your circumstances, my commitment to you is the same. I want you to succeed. I want your life to go forward in a positive direction – a direction personally fulfilling to you, but also a direction which ensures the safety of the staff and inmates who interact with you each day.

I know your road ahead is not an easy one. Be willing to request help from those around you.
